

ACCUSED'S PAST BARED IN S. F. PARADE BOMB DEATH CASE

**Prosecution Hopes to Reveal
Billings Plotted Dynamit-
ings Four Years**

**DEFENDANT'S HISTORY
IS AIRED IN COURT**

**Private Sleuth Faces Grilling
At Hands of Defense,
Is Indicated**

SAN FRANCISCO, Sept. 14.—The shadow of Warren K. Billings' past fell across the court room of Judge Dunne today. The prosecution started to open the closed chapters of the life of the young man who is charged with murder in connection with the preparedness parade dynamite outrage.

The district attorney hopes to show that Billings conspired for four years in various dynamitings.

The tedious routine of identifying particles of metal and leather picked up on the street after the explosion continued in court.

Billings is taking a livelier interest in the trial each day. He examines all the bits of metal picked up after the explosion.

That Martin Swanson, private operative of the Pacific Gas & Electric Company, will be one of the outstanding characters in the case was indicated by the tactics of the defense at the third day of the trial.

Swanson has occupied a secretive and background position since the bomb was exploded, but Maxwell McNutt, chief counsel for the defense, has made it plain that the operative was to be dragged into the glaring light of the most searching inquiry.

Knew Plot Claim

District Attorney Fickert says he had intimate knowledge of every contention to be advanced by the defense about the activities of Swanson before and after the bomb outrage. He was willing to stipulate, he declared, that Swanson had as much knowledge of the dynamiting plot as any of the defendants. The use to which Swanson put that knowledge, according to Fickert, was to assist the district attorney's office in running the guilty men to justice.

The defense, on the other hand, will seek to establish that Swanson played a most suspicious role in fastening the crime upon the indicted men.

Claims Implication

McNutt is seeking to bring out in his cross-examination of Detective Sergeant Bunker and other witnesses of the prosecution that Swanson was on hand when the lodgings of Billings were searched in the Mission, that private papers disappeared while Swanson was around and that the private detective showed an activity in all phases of the police investigation that demanded the most exhaustive investigation.

Swanson is a shrewd man, versed in the work of tracking criminals, and his cross-examination by McNutt promises to provide some of the most tense features of the trial of the tawny-haired Billings.

BREMEN CAPTURED AND TAKEN TO ENGLAND, IS SEA CAPTAIN'S WORD

GALVESTON, Sept. 14.—The German submarine merchantman Bremen has been captured and is tied up in the River Tyne, according to a British ship captain arriving here today.

6 SLAIN, 3 INJURED AS AMMONIA TANK IN CREAMERY EXPLODES

NEWARK, N. J., Sept. 14.—Six persons were killed and three injured in an explosion of an ammonia tank at the Interstate Milk and Cream Company's plant. Samuel Botkin, president of the concern, is among the dead.

FILM THEFT CHARGED TO BOYS YIELDING TO LURE OF THE MOVIES

NEW YORK, Sept. 14.—Lure of the movies landed fifteen boys in jail at Clifton, N. J., after \$1000 worth of films were stolen from a freight car. One of the boys had a moving picture machine and a movie theater was fitted up in a cellar. The band was doing big business with old Chaplin reels at a cent a throw when the police got on their track.

\$1,250,000 HERITAGE TAX ON HILL ESTATE

ST. PAUL, Minn., Sept. 14.—A preliminary inventory of the estate of the late James J. Hill, the railroad financier, obtained by the probate court here, shows Minnesota holdings approximating \$40,000,000, it was said, involving an inheritance tax of \$1,250,000.

San Joaquin Bean Yield, Threshing Records Smashed

**Wilson's Crew Puts Out 2346
Sacks In 11 Hours, Aver-
aging 21 Sacks Acre**

Two records were smashed on the San Joaquin ranch Tuesday. A record run by a threshing outfit was made, and a record yield for lima beans was established. The record run is likely to stand for some time, but the yield figures may be trimmed before the season is over.

William Wilson of Irvine with his machine and crew of fifty-five men in eleven hours threshed 2346 sacks of beans on John Le Bard's lease. On that run Wilson sacked the beans from 110 acres, giving an average of a bit better than twenty-one sacks to the acre. Le Bard's 195 acres produced 3351 sacks, an average yield of 29.26 sacks to the acre, which is a record for an acreage the size of Le Bard's. The clean-up ought to add fifty sacks more, giving Le Bard about 195 sacks more than the same piece produced two years ago, the record year on the Irvine ranch.

Out on the ranch, the bean men are having some fun with Wilson. Wilson is a member of the Democratic County Central committee, and on the day of the big run attended the meeting of the committee. He is a strong Woodrow Wilson man, and the bean men are trying to make Wilson admit that he attributes the records to the Wilson administration.

HEAR PLEA FOR MAKING FARM SCHOOL

SAN BERNARDINO, Sept. 14.—The plea of representatives of San Bernardino, Los Angeles, Orange, Imperial and Riverside counties for establishing at the Riverside Citrus Experiment station a branch of the farm school of the University of California, was heard Tuesday by Dean Thomas Forsythe Hunt of the College of Agriculture and H. J. Weber, dean of the Riverside Experiment station. The movement is advanced by the parent-teacher organizations of the Southland.

BRITON WHO DOWNED ZEPPELIN IS HONORED BY LONDON SHIPPERS

LONDON, Sept. 14.—Lieut. Robinson, 21, an aviator who shot down a Zeppelin during a recent raid on London, today was wildly acclaimed in the Baltic Exchange when he was formally presented with a \$2500 purse raised by shipping men.

Robinson blushed. He made the first public speech of his life.

"Thanks," he said. "I merely did my duty."

ASKS POMONA TO JOIN UPLANDS IN NEW COUNTY IDEA

POMONA, Sept. 14.—The newest wrinkle in Los Angeles city and county consolidation development was revealed when a wealthy and influential citizen of Upland visited this city and conferred with local boosters in regard to formation of new counties outside of Los Angeles.

"I have come to you," said he, "with an invitation for you to join the west end of San Bernardino county. This proposition comes from Upland and Ontario. Pomona, as we see it, could not form a county of her own, and she wouldn't want to join Orange county. Neither would she want to be a part of a county with Whittier for the county seat. The only thing she would lose by coming in with us is the prestige of the title 'Los Angeles county,' and she will lose that anyhow if the city and county consolidation proposition in Los Angeles goes through."

SHELL BURSTS NEAR KAISER'S SECOND SON

PARIS, Sept. 14.—Prince Eitel Fritz, the Kaiser's second son, came within a few feet of death in the Somme battle, according to Le Journal. The French upon learning that he was quartered in the chateau in the village of Temple La Fosse, twelve miles from the French lines, trained a 16-inch naval gun upon the chateau and blew it to pieces with sixty-five shells. Prisoners taken yesterday stated that the first shell struck the right wing of the chateau, a few feet from the map room where the Kaiser's son was working with his staff.

SHOTS FLY AND THIEF HUNT IS ON AS STORES ARE ROBBED

**Orange County 'Post Office
Burglars' Those Busy At
Norwalk Today, Belief**

Wholesale looting of stores in Norwalk was reported to the Los Angeles sheriff's office today.

This is the second time within a month that bandits have invaded the town.

Shots were exchanged between citizens and the robbers, according to reports received in Los Angeles today.

A posse of Los Angeles sheriff's deputies was sent out and a man hunt is being carried on over a wide area. It is believed that the bandits may be members of the gang that has robbed a number of post offices in Orange county recently.

In the robbery today Smith's grocery, a drug store and several other stores were broken into. In the grocery property was scattered over the place and the cash register rifled.

In the drug store and other places entered small amounts of money were taken along with other articles.

Following an investigation, Sheriff C. E. Jackson found that the two men arrested yesterday at Pomona on suspicion of implication in the Orange county robberies had no connection with the crimes. The two men were released.

UNFAIR TAXATION IN MEXICO TO BE EASED, IS CONFEREES' PLAN

NEW LONDON, Sept. 14.—Steps to relieve any unfair burdens in Mexican taxation of foreign-owned property today appeared likely at the mediation conference. At the same time the commissioners drew nearer a concrete proposition for withdrawal. General Bliss counseled the American commissioners on withdrawal, and the re-arranging of the border patrol.

ASSURANCES NOTE OF JAPS AS TO CHINESE PUBLISHED BY U. S.

WASHINGTON, Sept. 14.—The text of the written assurance of the Japanese foreign office regarding the open door policy in China and Japan's recent demands were given out today by the State Department.

Part of the text of the Japanese note follows:

"The Imperial Government desires to assure the American Government that the new convention is in no sense designed to repeal or modify the provisions of article 2 of the conventions concluded between Japan and Russia in 1907, nor has the Imperial Government entertained for a moment any intention to depart from the policy to which they avowedly committed themselves for the maintenance, integrity and independence of China as well as equal opportunity for the trade of all nations."

Unofficial opinion is that the Japanese note made a favorable impression.

CANAL ZONE NEGROES IN ARMS OVER MOVIE

PANAMA, Sept. 14.—The negro population of this city is up in arms over the proposed presentation of the film, "The Birth of a Nation," at a local theater. The protest took the form of a big mass meeting to appeal to the local governor to stop the play. Meanwhile the zone club houses, which are giving the play, anticipated matters by canceling the date in this city. The appeal to Governor Goethals to prevent the production in the zone so far has been without result.

BIG PROTEST PARADE STAGED IN NEW YORK BY TRANSIT STRIKERS

NEW YORK, Sept. 14.—While reports were coming in of five cars, operated by strike breakers, having been piled up at the bottom of a grade, injuring nine persons, traction officials steadily reiterated their refusal to arbitrate their differences with the unions.

NEW YORK, Sept. 14.—Flaunting banners and carrying signs, the striking street railway employees today marched through the heart of Manhattan in a parade of protest against the Interborough and allied traction companies. Brass bands blared and shrill fires piped.

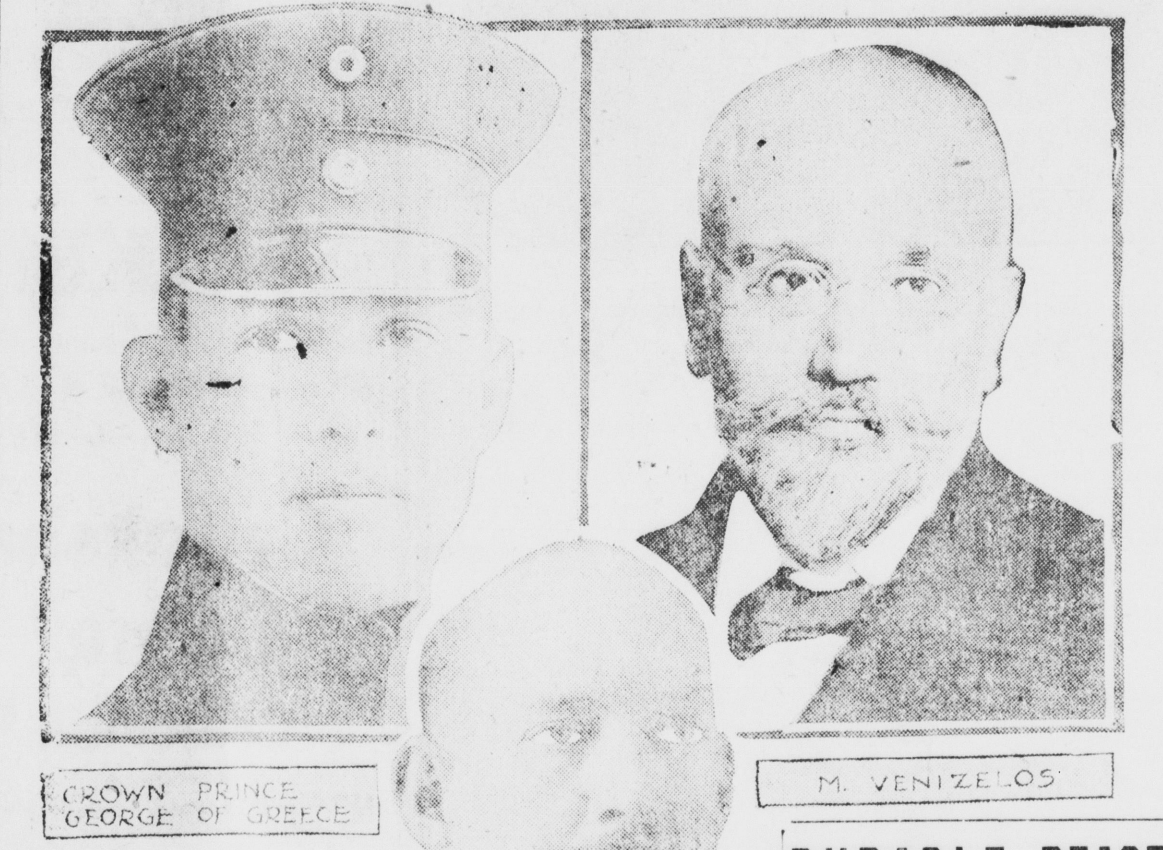

M'ADOO EN ROUTE

WASHINGTON, Sept. 14.—Secretary McAdoo left to join the Federal Farm Loan Board at Topeka, Kas., next Monday and to be present at the remaining hearings on the location of farm loan banks.

MAJOR W. WARNER ILL

KANSAS CITY, Mo., Sept. 14.—Major William Warner, former United States Senator from Missouri, is seriously ill at his home here. He is suffering from arteriosclerosis.

THE prediction is made that Venizelos, the allies' strong man in Greece, will be asked by M. Dimitrakopoulos, now premier of Greece, succeeding Zaimis, to take the portfolio of war minister. King Constantine, several days ago was reported to have abdicated in favor of Crown Prince George, but these reports were erroneous. Some dispatches stated that Zaimis had agreed to resume office, but a later dispatch stated definitely that Dimitrakopoulos is the new premier.

HUNDREDS FIGHT FIRES TO SAVE BIG REDWOODS

SAN JOSE, Sept. 14.—The fate of the giant redwoods of the Alpine and Big Basin districts depends on the outcome of a heroic battle being waged by several hundred weary men on the slopes of Black Mountain. It will be known in twenty-four hours whether the fire will eat into the giant trees.

\$150,000,000 ORDER FOR GUN COTTON IS PLACED BY ENTENTE

NORFOLK, Va., Sept. 14.—Gun cotton to the value of \$150,000,000 is to be supplied the allies by the Dupont Powder Company. Most of this explosive will be made at Hopewell, Va., and as a precaution the guard around this large plant has been doubled. It is stated 23,000 men will be employed to make the explosive and prepare it for shipment.

L. A. REORGANIZATION OF POLICE FORCE IS DEMAND OF WOODMAN

LOS ANGELES, Sept. 14.—Complete reorganization of the police department was demanded of Chief Snively by Mayor Woodman, according to reports at the City Hall after a conference between the mayor and the chief.

The reorganization of Deputy Chief George Home to a detective job, the reduction of the Chinatown squad, the expansion of the purity squad and a general readjustment of the entire department, it is said, is being contemplated as a result of the demands of the mayor.

TAFT WILL TAKE STUMP IN OHIO FOR HUGHES NEXT MONTH, PLAN

NEW YORK, Sept. 14.—Former President Taft is to take the stump for Hughes in October in Ohio.

The speakers' bureau at the Republican headquarters is now working out Taft's itinerary, it was today announced. E. I. Root has also joined the Hughes speaking force, it is reported. Root will swing through New York state in October.

In a letter to Hughes Taft said: "There are so many reasons why Wilson should not be continued as head of the administration that some of the important ones are apt to be forgotten owing to their multiplicity. It is of the highest importance because of the very critical issues that are to be met in connection with the ending of the war we should have a consistent and intelligent policy of a constructive and courageous nature, and this cannot be predicted on the continuance of the Democratic administration."

ASBURY PARK, N. J., Sept. 14.—President Wilson today issued orders for speed upon orders received from his party leaders. In a conference at the executive offices Postmaster General Burleson, Secretary McAdoo, Secretary Tamm and the President discussed the general political situation for the first time since the Maine election. There was a distinct air of optimism about the conference.

Reports from leaders in Washington and Utah predicted victory in those states.

Telegrams from all parts of the country said that apathy in the Democratic ranks and over-confidence had given away to vigorous work.

The President's appearance at his office marked the formal opening of the Asbury Park executive suite.

In President Wilson's office his voice was plainly to be heard.

LONG BRANCH, Sept. 14.—The Maine election has started a boom in contributions to the Democratic campaign fund, according to leaders of the campaign today.

The result gave the Democrats an "awakening," which was just what the party needed at this time, it is stated.

Resuming work, President Wilson found ample evidence of the awakening.

Since the Maine election, popular subscriptions ranging from one to two hundred dollars have totaled \$8900 daily.

It is believed that the president's trip to El Paso is to be given up.

DURABLE PEACE TO BE IMPOSED BY ENTENTE

PARIS, Sept. 14.—A lasting and durable peace will be imposed by the allies and victory is insured by the Teutonic allies being entirely on the defensive, Premier Briand today declared while reviewing the war at the opening of the Chamber of Deputies.

"The declaration of war by Italy and Rumania on the Central Powers deprives them of all initiative in the military operations," said the premier.

BATTLE FOR BIG U. S. ARMOR PLATE PLANT SITE WAXES HOTTER

WASHINGTON, Sept. 14.—With the conclusion of arguments by representatives of 125 cities that they want the government armor plant expected tonight or tomorrow, the Navy General Board today decided to visit the majority of the sites proposed.

NORTHERN CALIFORNIA CHURCH CONFERENCE TALKS MISSION WORK

SANTA CRUZ, Sept. 14.—With a new corps of officers chosen and preliminary matters disposed of, the Sixty-fourth annual conference of the Northern California Churches got down to business today.

Missionary work within the United States was discussed.

PEARL BUTTON FAMINE FACED BY HOUSEWIVES

NEW YORK, Sept. 14.—Now in addition to its other troubles the country is to have a pearl button famine.

At the convention of the Button Manufacturers' Association of America at the Waldorf-Astoria it was said that prices had gone up from 200 to 300 per cent, according to the quality of the shells from which the buttons were made.

WIFE REFUSED DECREE ON CHARGE ICE WATER WAS POURED ON TOE

NEW YORK, Sept. 14.—Ice water dropped by a husband on his wife's big toe is not enough to dissolve a marriage, according to Vice-Chancellor Lewis of Jersey City. Mrs. Julia Steffens of Jersey City could show the vice-chancellor no reason for divorce stronger than the ice water, which she says was poured on her while she slept. The decree was refused to her and granted to her husband, William Steffens of Hoboken, in a counter suit. He explained it was just a teaspoonful of water any way, and he was trying to wake her so she would go to church with him.

BORDER DRUG-RUNNERS SUPPLIED BY HIGH UP CHINESE, IS CHARGE

LOS ANGELES, Sept. 14.—That high officials of the Chinese government have been supplying opium in gigantic shipments to border drug-runners, was the information given out by a federal official here following the dispatch from Shanghai that Chang Yao Tsing, Chinese minister of justice, has been arrested and that 7000 pounds of opium, valued at \$500,000, have been taken from his luggage.

Federal officers for months have been trying to trace the exact source of the opium that is smuggled across the border in small lots. In the last three months at least ten opium smugglers have been arrested through the efforts of the government's agents, but the supply base has not been found.

4 BURN TO DEATH AS DETROIT INDUSTRIAL HOME IS DESTROYED

DETROIT, Mich., Sept. 14.—Four men perished today in a fire which swept the Industrial Home for Men. Seventy-five escaped and two were injured.

BULGARIAN CZAR STAR IN WAR TIME MOVIE

LONDON, Sept. 14.—The Daily News says: "The Hamburger Nachrichten publishes an account of a four-act movie drama in which Czar Ferdinand of Bulgaria himself played the part of the King. Of the Bulgarian Czar as a movie star the Hamburger paper says: 'He plays wonderfully well. As he walks in the park he is genuinely taken aback when suddenly the stranger throws himself at his feet. The king talks to him as if he really wanted to know the secret of his heart and afterwards pins the decoration on his breast, shakes hands with him and salutes him most naturally. It is indeed a royal film.'"

ELLSINORE PASTOR DEAD

RIVERSIDE, Sept. 14.—Rev. Henry A. Mullen, D. D., pastor of the Presbyterian Church at Elsinore, died at the City Hospital, following an operation for appendicitis.

ARMY CORPS OF GREEKS GIVES UP TO FORCES OF GERMANS AT KAVALA

Berlin Says Hellenes Forced
By Famine and Disease to
Ask Teuton Aid

CENTRAL POWERS PLAN HUGE BALKAN DRIVE

Serbs Continue Advance Up-
on Bulgars West of Vardar
River, Claim

ALLY PACT PROMISES CONSTANTINOPLE TO SLAVS AS WAR PRIZE

SAN FRANCISCO, Sept. 14.—If the allies overthrow the Central Powers, Constantinople will become the possession of Russia, the entente rulers signing an agreement to this effect, according to M. M. Itchas, a member of the Russian Duma, who is here today.

Itchas stated that with this prize in store the Russians, now that the munitions problem has been solved, are more than ever determined to carry the war to an overwhelming entente victory.

"Russia has the solemn promise of the other allies that Constantinople and the Dardanelles will become Russian territory," Itchas said.

The statement from Itchas is significant as he is a member of a commission sent by the Zsar to confer with the other allies regarding matters of vital importance.

LONDON, Sept. 14.—A fierce battle between Serbians and Bulgarians was on at the front in northwestern Greece, it is reported.

ROME, Sept. 14.—The Austrian losses have been 4,500,000 men since the war began, according to a Zurich dispatch today.

BERLIN, Sept. 14.—The fourth Greek army corps with headquarters at Kavala has been placed in the hands of the Germans by its commander and will be transported to Germany.

An official statement today said: "The allies planned to force these Germans to fight by their side or suffer the same fate as that of the Eleventh Greek division at Saloniki. Free communication with Saloniki was arbitrarily checked by the allies. The commander of the Fourth Corps was faithful to the will of his commander, King Constantine, legal head of the government, and it was their decision to remain neutral. They were forced by famine and disease to ask the German commander to protect his brave troops and to provide food and clothing."

TEUTONS TO HURL 300,000 NEN ON BALKANS

ROME, Sept. 14.—A great Balkan offensive by the Teutons is being planned at the Kaiser's headquarters. Tentative plans call for the sending of 200,000 men from Germany and 100,000 from Austria to the Balkans.

VARDAR ADVANCE BY SERBS CONTINUES

PARIS, Sept. 14.—The Serbians have continued their advance west of the Vardar, pushing the Bulgarians toward Kovel, an official statement today said. Northwest of Lake Ostrovo the Serbians have carried a height.

ALL MACEDONIA DRIVE SMASHED BY TEUTONS

BERLIN, Sept. 14.—The new allied offensive in Macedonia has been completely crushed, French and Italian attacks have been repulsed, and the Serbians have been pushed back, it was announced here today.

VERDUN GERMANS RUSHED TO HALT ALLY LUNGE

PARIS, Sept. 14.—The Germans have shifted more troops from the Verdun front to the Somme in an effort to check the French rush on Peronne. It was today officially announced that yesterday's effective counter attacks northwest of Peronne were led by strong German divisions sent from Verdun.

BRITISH GAIN AT GINCHY AIDING FRENCH

LONDON, Sept. 14.—The British have made further progress north of Ginchy, co-operating with the wrench movement on Combes, it was today announced.

JUNIOR COLLEGE DEAN TALKS ON PROSPECTS OF NEW YEAR

Registrations Will Be Made
Monday and School Will
Open Sept. 25

The Santa Ana Junior College, the most recent addition to the modern Polytechnic High School plant, will begin the second year of its existence on September 25. Registration will take place Monday, September 18, from 8:30 to 12 and 1:30 to 4. Judging from the advance registration last spring, the number of students will be doubled at least. In discussing prospects for the coming year, D. K. Hammond, dean of the Junior College, stated:

"We are endeavoring to serve two classes of students: those planning to complete their course later at the State University, or elsewhere, and those who will go no farther but wish to supplement their high school education with studies that have an immediate practical value. That the Junior College has come to stay is indicated by its widespread inauguration in all progressive communities. Last year in California there were twelve such institutions, with 900 students. This fall in Southern California alone, Pasadena, Pomona, Alhambra, Anaheim and Imperial will introduce the work.

"This movement means a great deal to the community. Here in Santa Ana, for example, we shall probably have forty students who will secure two years of university work at home without expense except for books and laboratory fees. The same instructions elsewhere would cost at low average \$500 per year per student, hence \$40,000 is saved the students and kept at home.

"The greatest service of the Junior College is offering a higher education to those young men and women who are not financially able to undertake a college or normal course away from home. The next great step in our educational advancement is to bring a college education within the reach of all.

NEW CONTINENT MAY HAVE BEEN FOUND IN ARCTIC, SAYS EXPLORER

SEATTLE, Sept. 14.—Vilhjalmer Stefansson, leader of the Canadian Arctic exploring expedition, has found a new land in the North—maybe a new continent—and some blonde Eskimos, according to Ole Anderson, first man of the Stefansson expedition to reach the outside world. Anderson is now here after traveling towards this city for a year. He said:

"Stefansson will startle the world when he comes out, but I cannot talk."

Hot Water for Sick Headaches

Tells why everyone should drink
hot water with phosphate
in it before breakfast.

Headache of any kind, is caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood, through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilide, aspirin or the bromides which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of limestone phosphate in it, drunk before breakfast for awhile, will not only wash these poisons from your system and cure you of headache but will cleanse, purify and freshen the entire alimentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, almost tasteless, except for a sourish twinge which is not unpleasant. If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons.

Results are quick and it is claimed that those who continue to flush out the stomach, liver and bowels every morning never have any headache or know a miserable moment.

ERE is one of the many war scenes taken by Capt. F. E. Kleinschmidt during almost two years spent with the German and Austrian armies. These motion pictures of actual warfare are to be shown at Clume's Theater on Monday and Tuesday of the coming week.

Horrible Death Harvest Reaped By Modern Engines of Destruction Depicted In Thrilling Views Taken In Trenches and In the Air

Capt. F. E. Kleinschmidt's remarkable motion pictures of the titanic European conflict, hundreds in number, will be given their first public exhibition in America, outside of Los Angeles, at Clume's Theater Monday and Tuesday.

This pictorial history was secured under great peril by Captain Kleinschmidt, who was in the very forefront of the most terrible battles fought during the past two years in Austria, Russia, Serbia and on the shores of the Mediterranean Sea. In Los Angeles large audiences sat spellbound before this graphic pictorial history, accompanied by a lecture explaining the scenes and the extreme hazards under which they were secured.

No previous pictures of the war have compared with these in showing what terrible destruction is going on abroad.

But there are many scenes of tremendous force and impressiveness—great bodies of men engaged in the various duties of hammering the enemy, razing cities, building bridges with incredible speed; pictures of the pitiful refugees tramped under foot by the armed legions.

Spectacular birdseye views of cities and forts; close-ups of monster mortars in action; of submarines under fire; furious charges of cavalry; cities in flames; 1000-pound shells tearing forts to pieces—these are only a few of the wonders of these films.

For two years Kleinschmidt was at the very front in the Galician, Serbian and Italian campaigns, under special appointment of Archduke Frederick, Austrian commander-in-chief.

OIL INDUSTRY BOOMS; NEW WELLS START

Some of the Companies Raise
Wages, and One Gives
Share In Profits

BREA, Sept. 15.—Perhaps never before in the history of oil development of Orange county oil fields has there been as much new work planned, as many new wells brought in, and as many new rigs built and locations for new wells made as has been done in the week just closed.

The Union Oil Company, the second largest developer and producer in the field, leads all the companies with a total of five new wells located and a producing well of over 500 barrels in sight. The Standard Oil Company takes second place on the list with four new rigs in process of construction, and a 1000-barrel well on the Emery just in. The West Coast comes in next with a new rig started and two additional locations made. The West Coast put a barrel well on the beam.

The Santa Fe Oil Company commenced drilling one new well. The Columbia Oil Producing Company will have a producing well on the pump before the week closes.

A survey of the local field reveals the startling and interesting fact that during the past week fourteen locations for new wells have been made, ten new derricks have been built, and three wells have been added to the list of producers.

A number of companies have raised the employees' wages, one big company has made arrangements to have its employees share in the profits, and the price of crude oil is advancing slowly but steadily.

The oil business in the Brea and Fullerton field is in a most flourishing condition at the present time, and judging from the amount of new work planned and under way, business is to continue firm. Very little wild-cating is being done, all the companies developing along substantial lines, and the outlook promises to be the best the local field has had for a good many years.

TEMPLE'S CONTEST STARTS WITH RUSH

The Temple Theater Photo Players' Contest is starting with a rush. Within the last 24 hours many registrations have poured into the box office of the Temple Theater. The young women of Santa Ana are quick to grasp this opportunity, realizing that the work in a photoplay of this high character may mean a successful career, to say nothing of the fact that the remuneration of \$10 per day alone is a real prize for which to strive. There is still room for more entries in this contest.

ISLAND TO BE MOVED INTO BUFFALO, 'TWILL TAKE 10 YEARS' TIME

BUFFALO, Sept. 14.—Santa Island, it was announced here today, is to be dug gradually out of its home in the middle of the Clarion river, near here, and moved to town. The moving day will last ten years. It is such a fine grade of moulders' sand that not a grain of it is to be wasted.

CONTRACT LET. CARRIES MAIL BALBOA ROUTE

W. L. Eells of Harper Lands
Job From Uncle Sam's
P. O. Department

The postoffice department has accepted the bid of William L. Eells of Harper to carry the mail on the new star route to be established between Santa Ana and Newport Beach. The service is to begin Sept. 20. There are to be six round trips a week, every day but Sunday. The offices to be served are Santa Ana, Balboa, Newport Beach, Harper and Gloryetta.

There were four bids submitted, Eells being the lowest. His bid was \$597 per annum. The contract expires June 30.

The mail will leave Balboa at 9 a. m., arrive Santa Ana at 10:15 a. m. It will leave Santa Ana at 4 p. m. and arrive at Balboa at 5:15 p. m.

"The attention of patrons of offices on this route is invited to the fact that they are entitled to box delivery and collection service under the regulations of the department," said Postmaster Overshiner.

"All mail boxes erected on rural or star routes on and after July 1, 1915, must conform to the department's specifications in every respect and be officially approved. Two sizes have been designed and accepted.

"No. 1 is 18½ inches long, 6¼ inches wide, 7½ inches high; for letters and ordinary mail.

"No. 2 is 23½ inches long, 11 inches wide, 14 inches high; for all mail including parcel post.

"Patrons may use either size as preferred, and will not be required to discard boxes in use July 1, while they remain serviceable."

By this new route more direct service to Huntington Beach will be secured. Mail leaving here in the afternoon will be forwarded from Balboa to Huntington Beach on a car that leaves Balboa about 6 p. m.

WAR DECISION WILL BE REACHED IN EAST SAYS HUNGARY CRITIC

LONDON, Sept. 14.—The Post's correspondent in Budapest quotes M. Bakos, Hungarian military critic, as saying that the eastern theater of war has sprung into far greater prominence than at any previous period.

"The whole war will be decided in this sector, probably during 1916, or at latest in the early part of 1917," he writes. "We have also to prepare for the entry of Greece within a short time and eventually for the isolation of the Central empires from all the outside world and even from our Balkan allies."

OUR JITNEY OFFER—This and 5c —DON'T MISS THIS. Cut out this slip, enclose with 5c and mail it to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup; Foley Kidney Pills, for pain in sides and back; rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headache and sluggish bowels. Rowley Drug Co.—Advertisement.

DESPERATE DOPE FIEND ARRESTED SEEKING A DRUG

Declaring that he would cut off his right arm to get the drugs to which he is a slave, F. W. Keene, a pitiable wreck, was taken to the county jail last night by City Marshal Tinsley of Huntington Beach.

The man was arrested as he was searching the office of Dr. E. J. McKillop of Huntington Beach for morphine. He said that he rode a bicycle from Santa Ana, where he and his wife have been living at a rooming house, hoping to get a prescription at Huntington Beach. He said he sat in the doctor's office an hour waiting for the doctor to return. The craze for the drug mastered him. He could

not wait. He broke open a door into the doctor's private office, and was searching it when the doctor returned, found him and turned him over to the police.

Keene said he had been getting drugs from a Chinaman in Los Angeles.

This morning Dr. Bartholomew, whose residence on Broadway was robbed on Friday of last week, was called to the jail to take a look at Keene. The doctor said that he had but a glimpse of the man who was in his house, and while Keene looked much like him, he could not be positive. George Briggs, who saw the man who robbed Dr. Bartholomew's home, is away on a hunting trip.

BELIEVE MACHINE OFFERED FOR SALE STOLEN AT JEROME

On information given by Horace Munger of Irvine that a Mexican was offering a Ford car for sale, Under Sheriff Inman went to Irvine yesterday afternoon and returned with the Mexican and the Ford. The Mexican gave his name as Emerald F. Placer. He said the car belonged to G. V. Perez of Jerome, Ariz., for whom Placer said he worked. He said Perez gave him permission to take a ride in the machine and sell it.

"Did he give you permission to take a ride to California?" asked the sheriff.

2,400,000 CALLS IN 24 YEARS, IS VETERAN HELLO GIRL'S RECORD

COLUMBUS, Ohio, Sept. 14.—Two million, four hundred thousand conversations on love, business, gossip and whatnot is the record today of Miss Nell Taylor in the 24 years' continuous service as a hello girl here.

The first eight years she spent at the switchboard handling calls at the rate of 1,000 a day. She spent another eight years as supervisor, answering foolish questions.

"Will you marry me?" she says, is the silliest and most frequent question asked. She still is single and glad of it.

When she started to work 24 years ago Miss Taylor was 15. There were only 1,550 telephones in Columbus then, as compared to 45,000 today.

SALT LAKE HEADS FIRE RESULT OF WINED, DINED AT ANAHEIM TODAY ATTEMPT TO RID HOUSE OF FLEAS

Salt Lake officials were wined and dined at Anaheim today by the Board of Trade of that city. It was a get-acquainted proposition, with the Valencia Hotel as the scene of the festivities.

The decision of the Salt Lake to extend its lines into Orange county and give the county another transcontinental road is appreciated in all parts of the county, but the Anaheim Board of Trade is the first organization to manifest its pleasure with an official courtesy to the officers.

Douglas White, industrial agent of the company, was the principal speaker at the luncheon, which was attended by men prominent in the business and civic life of the Mother Colony.

The officials who accepted the hospitality of the booster organization of the north end of the county were H. C. Nutt, general manager; Fred Wann, general freight traffic manager; T. C. Peck, general passenger agent; F. H. Adams, general agent; Douglas White, industrial agent, and J. J. Tavis, local commercial agent.

Efforts are being made by residents of La Habra to induce the company to make a change in its route for the extension from Pico station to Santa Ana. The route leaves the city of La Habra some distance to the east, and every pressure possible is being brought to have the road built nearer the city.

LOWDEN, DUNNE WIN IN ILLINOIS

CHICAGO, Sept. 14.—Frank O. Lowden, Republican, and Edward F. Dunne, Democratic incumbent, will fight it out for the governorship of Illinois at the November election.

Incomplete returns from the state-wide primary last night indicate that each had made a clean sweep of his party. Lowden carried Chicago by about 30,000 and Dunne by about 50,000. Dunne's plurality in the state was about 100,000. Lowden's was 150,000.

Lowden defeated Morton D. Hull, while Dunne defeated William R. Brinton.

The battle for congressional nominations was particularly bitter in the Chicago districts. Incomplete returns forecast that Medill McCormick and Burnett M. Cliperfield had received the Republican nominations for congressman-at-large. William Elias Williams, present representative, and Everett Jennings were credited with being the Democratic nominees.

James R. Mann, leader of the Republican minority in the House of Representatives, was victorious over the Rev. Melbourne P. Boynton, the anti-saloon league candidate in the Second district.

Former United States Senator William Lorimer was beaten for the Republican nomination for Congress in the Sixth district. Arthur W. Fulton appeared to have won.

PAGE NAMED FOR SENATE

BURLINGTON, Vt., Sept. 14.—Returns from the first direct primary held Tuesday in Vermont show that Carroll S. Page, Republican, of Hyde Park, has been renominated for the United States Senate over Gov. Charles W. Gates and former Gov. Allen M. Fletcher.

DENVER, Colo., Sept. 14.—On the face of returns thus far received Governor George A. Carlson, Republican, has been renominated. With 396 of the 2870 precincts in the state behind him, Carlson's vote was 15,594, while that of Samuel D. Nicholson of Leadville, his opponent, was 14,913.

Nicholson's lead in Denver indicated he would win the city by 1500 to 2000 majority. At Carlson's headquarters it was estimated the governor would come to Denver with a lead of at least 4000.

\$200,000 EXPLOSIVE FACTORY NOW BEING BUILT AT LONG BEACH

LONG BEACH, Sept. 14.—A \$200,000 manufacturing plant is being constructed in the industrial district here for the Long Beach Chemical Company, a new corporation which will manufacture stremium of nitrate, a high-power explosive. Through a special process perfected by Alexis N. Selwittala, a German scientist connected with the new concern, the explosive can be obtained from certain ores found in the Imperial Valley and several districts within easy reach from Long Beach.

Misses Mueller, Edith Plavan and Hazel Brady were entertained at a house party at the home of Nellie Wardlaw of Santa Ana, Saturday and Sunday.

School began Monday with a large attendance. The children were all glad to hear the school bell ring once more.

Miss Mattie Barbee is spending a few days with her parents this week. Ray Wardlaw and family started on Tuesday up to Madera on a camping trip. They expect to be gone about a week.

Pete Ortiz, who recently moved here from Newport Beach, started a lunch room and tamale stand, reported a good business especially on Saturday and Sunday.

The county is having the road oiled from the boulevard on Seventeenth street to the Holly sugar factory.

The Queen Esther Circle will give a parcel post social and wienie bake at the home of Mr. and Mrs. S. E. Talbert next Saturday evening. There will be parcels for the children at 5 cents each and for the older folks at 25 cents each, supper for children 5 cents and adults 10 cents. There will also be a good program. The proceeds are to go to the church piano.

The farmers are all busy hauling their beets to the beet dumps.

Mr. and Mrs. Elbert Porter of

An attempt to rid the house of fleas this morning came near causing Mrs. D. Hamilton the loss of her home at 509 East Pine. The effort resulted in a call for the fire department and slight damage to the dining room of the residence by fire.

The process of elimination of the bothersome little insects was by fumigation. Mrs. Hamilton closed the room tightly after drawing in one of the beds which seemed to be infested, and applied a match to a pan of sulphur. The sulphur had been burning but a few moments when the blaze was communicated to the mattress on the bed. Mrs. Hamilton tried to put out the flames but was forced to give up when the flames flashed about her head, singeing her hair.

An alarm was given and neighbors rushed to her assistance. H. J. McCombs, who lives across the street at 526 East Pine, entered the house by way of the screen porch. With hose in hand he threw himself flat on the floor at the door to the dining room and by throwing a stream of water with the garden hose quenched the flames. The fire was extinguished before the fire department arrived and it was not necessary for the department to turn on the water.

The floor of the dining room was scorched in one spot and a window frame suffered the same damage. The window panes were ruined by the heat. The mattress and bed clothes were a total loss. This constituted the extent of the damage aside from flooding one or two rooms by water.

Mrs. Hamilton was overcome by the smoke and was taken to the home of a neighbor for attention.

TALBERT OPENING INTO OCEAN CLOGS

Drainage People Having Trouble With Overflow From High Tides

TALBERT, Sept. 13.—The pipe-line that goes into the ocean is filled up with sand on account of high tide and it has been impossible to keep it open. The water is backing on the lands between the Gistler road and the sand dunes. The Mercereau Construction Company has not commenced its work on account of shortage in piling. The company expects to go ahead with the work as soon as it can get the material.

The Talbert dredger is now three-quarters of a mile above the railroad at the Nimmo crossing on ditch No. 2.

F. D. Plavan has a big crew topping and hauling beets on the Nimmo ranch, which he has rented.

Mr. Collins is working on the bean thresher on the Irvine ranch.

Louis Molton of El Toro brought 300 head of beef cattle down this week and is pasturing them on the beet tops in this vicinity.

Stephen Fox is plowing for Y. Yagi, with his caterpillar engine.

R. B. Wardlaw and his son, Leroy, of Santa Ana, and Rob Wardlaw and his son, Y. Yagi, of Talbert, motored to Tulare Thursday to spend a week with Mr. Wardlaw's daughter, Mrs. Will Cheney.

Frank Planchon's family and G. W. Irwin and family spent Sunday at Arnold Walker's.

Rob Wardlaw and Mrs. Arnold Walker spent the day in Santa Ana Monday.

J. Monk and daughter and Mrs. McCarty of Orange and Mrs. Stella McCarty of Santa Ana were visitors at the home of S. C. Thompson Sunday.

Miss Gladys Thomas of Santa Ana spent several days with Miss Alma Plavan last week.

A. P. Vincent was accompanied by L. T. Wells to Huntington Beach, on Tuesday evening to attend the Huntington Beach lodge No. 183, I. O. O. F., where he, along with H. A. Quinn and G. H. Hennitt of Huntington Beach, was put through the first degree of the lodge, by the Orange team. There were 110 members present and the degree work was fully enjoyed by all, after which a nice supper and ice cream were served by the Huntington Beach lodge.

Misses Mueller, Edith Plavan and Hazel Brady were entertained at a house party at the home of Nellie Wardlaw of Santa Ana, Saturday and Sunday.

School began Monday with a large attendance. The children were all glad to hear the school bell ring once more.

Miss Mattie Barbee is spending a few days with her parents this week. Ray Wardlaw and family started on Tuesday up to Madera on a camping trip. They expect to be gone about a week.

Pete Ortiz, who recently moved here from Newport Beach, started a lunch room and tamale stand, reported a good business especially on Saturday and Sunday.

The county is having the road oiled from the boulevard on Seventeenth street to the Holly sugar factory.

The proceeds are to go to the church piano.

The farmers are all busy hauling their beets to the beet dumps.

Mr. and Mrs. Elbert Porter of

Read what Frank Wiggins, Secy. L.A. Chamber of Commerce says about his orange grove at San Fernando Mission Lands

Gentlemen:

In making final settlement with you for the 22-acre orange grove, we want to say that it is done very cheerfully, as the land has paid for itself three times over since our original contract with you was signed. The crop is improving every year, so that there is indication of even better record in the future.

We wish also to express our appreciation of the courtesies extended by you during our business relations, since these added materially to the satisfaction we had in making so profitable an investment.

To get at the real beginning, we thank you for inducing us to buy where and when we did, as we have no cause to regret it and many reasons for felicitation.

Very truly yours,

WIGGINS & WILSON.

**Proven Beet Land
\$350 to \$400 Per Acre**

**Proven Lemon Land
\$500 to \$550 Per Acre**

Under the great Los Angeles Aqueduct gravity water system.

Terms: One-fifth cash, balance 1, 2, 3 years at 6 per cent interest.

Go and see what the lemon and beet growers are accomplishing in San Fernando Valley. Go and see where such well known men as Frank Wiggins, Stoddard Jess, Althouse Bros., E. A. Curtis, manager of the California Vegetable Union, are operating money-making properties.

San Fernando Mission Lands have great speculative value. Closely suburban to Los Angeles, on an electric car line, surrounded by a high-class development—with electrolier lighted boulevards, beautiful high and grammar schools and all the advantages of the modern cities of San Fernando, Van Nuys, Lankershim and Universal City. Other lands closely suburban to Los Angeles, with equal advantages, are held at \$1500 to \$2000 an acre. Experts predict that San Fernando Mission Land will be another Hollywood in six years' time. Don't confuse these lands with isolated, far out "farm land." This is high-class suburban property in a cultured, developed community. These lands are noted for their wonderful crops of lemons, oranges, avocados, walnuts, sugar beets, deciduous fruits, winter vegetables—and for hogs, dairying and poultry.

The New Water Distributing System Is Now Being Installed.

DISTANCE LENDS ENCHANTMENT

It is seen from a circular received from the Home Industry League of California a few days since, that an active campaign has been started to get California people, when buying even the smallest article, to insist on dealers giving them goods bearing a label, "Made-in-California," and we certainly agree with the idea, says an editorial in the Lemoore Advance. The mere word "imported" has up to the present time meant a great deal to some folks, when it really should have meant nothing more than paying an extra price for a purely imaginary excellency. Those folks have been supposing that if their hats, shoes and groceries were "imported" they could not help but be superior—in grade as well as in price; when, as a matter of fact, the California-made articles are in many cases, really of much higher class—as is shown by the awards won at the Panama-Pacific International Exposition,—while in most other cases the California goods equal the best of those brought in from abroad. Really, now, some people are not much wiser than the prehistoric canine which dropped his hunk of meat in order to get the larger and better hunk which he fancied he saw in the mouth of his exaggerated reflection in the pool of water.

OBEY FIRST; THEN ADJUDICATE

Anent the putting into effect of the eight-hour law, there is something wrong with a system which would permit a railroad or any other concern of individual to suspend the operation of a law legally passed by Congress pending a struggle in the courts. Obey first and adjudicate afterward, ought to be the rule. If the railroads defy the eight-hour law, they set themselves above the law, which is merely the voice and command of the country expressed in the only way it can be expressed in a law-making capacity—namely, through the representative in Congress. Law-defiance in its final analysis is anarchy. If anarchy held sway, it is inconceivable that railroads could be conducted. Without the protection of the law, operating through orderly government, there would be no railroads. As a concrete example we have to look no further than Mexico. If the railroads in private ownership can effectively, even for a day, maintain the principle of superiority to the law-making powers of the government, then government of the people by the people for the people has perished from the earth in this country and a new governmental power is enthroned. Any possible effect, detrimental or otherwise, that the operation of the eight-hour law might have pales into insignificance before the setting up and maintaining successfully of this principle—even for a day—by the railroads.—Stockton Record.

WHAT IS CLOSING THE SALOON?

According to R. C. Harbison, Republican nominee for Congress for this (the Eleventh District) the liquor saloon is dying of its own poison; its own record, as written from day to day in the courts and the press, is the strongest argument in favor of its suppression.

Writing in his paper, the San Bernardino Sun, Mr. Harbison says:

Countless editorials have been written in disparage of the saloon. Probably these have accomplished something in solidifying opinion. But the chief element that is working for the destruction of the saloon is that institution itself. It is being judged by the record it makes. The most damning condemnation arises from the news columns, spreading information as to what the saloon is accomplishing. When the police take a tottering wreck to jail, and the next morning the poor wretch tells how the saloon got his last cent and then turned him out, a feeling of aversion towards the whisky business is set up. The wage-garner, who after toiling a week for

money that his family needs, spends it all over the bar, is an argument against the saloon that all the specious babble of "personal liberty" does not refute. The poverty, the crime and the insanity directly due to intoxicants are not to be waived on the ground that the saloon-keeper has invested capital in the creation of them.

There is another circumstance that is significant as showing that the true character of the saloon business is understood. Saloons are closed election day. Why? That men may keep their judgments clear, that there may be no disorder, no rowdy debates, no quarreling or display of weapons. In other words, for that one day, society protects itself. With an equal care it should protect itself every day. The saloon is no worse one time than another, for it is on the plane of absolute badness all the time. And a community that can seal the doors of this sinister enemy one day, can seal them every day. It will be done.

With Malice Toward None

By Henry James

Just Work

"One of the chief ends of man is work." So declares the able conductor of a column. Sounds very well when you say it, too, only it isn't so.

Work is not a chief end, nor any other end of man—unless it becomes such in the sense of being his finish. Work is a means, and nothing more. A man toils for the sake of the remuneration. He is looking forward to some sort of a reward. He learns in instances to enjoy his work. The artist is gladdened by the growth under his touch of a form of beauty. But he sells the product of his labor.

The gentleman whose words are quoted above earns a living by writing. Perhaps even if no necessity existed for earning a living, he still would write, but not for the sake of writing. He would write to convey a lesson, to impart information, or to buttress some pet doctrine. He would not write unless he knew he could find readers.

Fancy a man laying a brick wall just for the exaltation of seeing it grow! Or carrying mortar in a hod for any purpose but to earn an honest wage!

Crime and Profit

Recently a burglar wore as he went to the penitentiary a suit of clothes that cost \$75, an expensive Panama hat and a \$22 pair of shoes.

His stay at the penitentiary will be twelve years, at the expiration of which time the duds will be out of style.

Does crime pay?

No Proud Slogan

Roumania did not enter the war with a very proud slogan.

Just what the slogan was in the language prevailing there is not known, but a free American translation would be "Pork."

The Bad Radical

The following is taken from a Chicago paper:

"The radical says that when the rights of Property come into conflict with the rights of Humanity, Property must give way."

Oh, he does? The naughty, naughty fellow! Just as likely as not it was he who deprived the mills down south of the sacred privilege of grinding up the boys and girls of the neighborhood. To jail with him!

Social Position

Comment has been made concerning a society gentleman, at this writing the inmate of a jail, that imprisonment has not hurt his social standing. He has had many callers from the circle it is his wont to adorn.

The mere fact of being in jail, dissociated from the reason for being there, is not necessarily disgraceful. But this chap was put in for having speeded his automobile along the public road at the rate of sixty miles an hour. That ought to hurt his standing a whole lot even if the country copper had not nabbed him.

Gay and Happy

Lady Orlay says that happy people never are gay.

Perhaps this observation is based on her own experience with serene contentment not punctuated by shrills of laughter. There is such contentment; doubtless a form of happiness.

But people are gay because they are happy. The boisterous but sincere outburst of merriment has as definite a meaning as a sneeze.

Expensive Platinum

Platinum recently jumped \$20 an ounce, this leap carrying it to the \$86 level.

Surely nobody is using platinum bullets in this war!

Family Affair

Regret has been expressed that Roumania should have come into the war, because such a course set a Hohenzollern against a Hohenzollern.

If this is a family row, let the members of the family fight it out. Meanwhile my personal sympathy is with Hans in the trenches and Gretchen weeping at home.

No Sort or a Job

Even if out of a position and running pretty short of cash, a person of reasonable discretion would shake his head if offered the kingship of Greece.

The Male Chatter

A young fellow escaped from a reformatory in Ohio through the aid of his fiancée, who gave him money to start in business on the Pacific Coast.

He started all right enough, but got in a hurry for wealth and robbed a bank. Now he is in jail and his fiancée is putting up money to save his worthless bacon. And it's another fiancée.

That fellow never will get his belongings until he has met up with a husky big brother.

GARDEN GROVE

YOUNG PEOPLE SUCCESSES AS ENTERTAINERS

GARDEN GROVE, Sept. 14.—The entertainment given by some of the Garden Grove young people Tuesday evening was a marked success. The program was opened with a piano duet by Mrs. McElree and Miss Muriel Arkley which was greatly enjoyed by the fine audience present. Then came a jolly little skit entitled "Never Again" or "The Morning After the Night Before," presented by Wayne Holt and Archie Stuck. This was especially funny and cleverly acted and caused a lot of good laughs. The next number was a negro dialect reading by Miss Winifred Adland. The listeners showed their appreciation by demanding another. Following this was another little skit, "El Operation," which simply brought the house down. It was a scene from start to finish. The cast was as follows: Wayne Holt, surgeon; Irvine German and Archie Stuck, assistants; Waldo Tournat, patient; Miss Helen Hedstrom, maid; Miss Elizabeth Brown, nurse. Irvine German then rendered two beautiful violin solos, "The Souvenir" by Drdla and "Kuyawiak" by Weinawski, with Mrs. J. T. McElree accompanying. The audience was favored with some splendid readings by Miss Mabel Watson, who has great ability in this line. The last number was "The Summer Girl Minstrel," consisting of songs, good natured local hits and a charming ditty lullaby sung by Miss Winifred Adland. Waldo Tournat was the noteholding, sumery middle man addressed as Mr. Center-of-Attraction. Miss Georgena German was the haughty Miss Boardwalk Miss Hattie Brown, the Sweet, airy Miss Fluffy; Miss Muriel Arkley, the energetic Mrs. Votes-for-Women with her soap box; Miss Olive Northcross, the sleepy Miss Swat-the-Fly. The gay, giddy minstrels were Misses Constance German, Winifred Adland, Elizabeth Brown, Lora Holt, Helen Hedstrom and Ruth Violet. Stage scenery, lighting effects, etc., may have been rather crude in spots owing to lack of space and equipment, but everyone seemed to enjoy the evening and thought they had received full value for their money.

Return Home

Herman Merton, nephew of Mrs. Geo. Barnes, who with his wife has been visiting at the Barnes home for some time, started Tuesday for his home in Morganville, Kansas. Mrs. Merton will remain here until the last of October.

Mrs. S. J. Glover of Azusa is spending a week with Mr. and Mrs. Barnes. Mrs. Glover is Mr. Barnes' sister. Until Wednesday she had been visiting her sister Mrs. Saylor, for some time.

Mr. and Mrs. F. A. Tubbs are spending several days in Santa Ana with their daughter, Mrs. Dunbar.

Mrs. J. Coffey of Los Angeles visited Mrs. Barnes and Mrs. Henry for several hours Tuesday.

Yield is Good

Jas. Garrison, overseer of the 200-acre Townsend ranch, north of Garden Grove, reports thirty tons of walnuts already gathered this season and about twelve tons brought in to the local packing house. He says the yield this year is very heavy.

The Junior Baptist Young People's Union was entertained by Mrs. George Tyler last Friday afternoon at her home northwest of Garden Grove. Jack Jentges put his machine to good use and conveyed the town children out to the Tyler home. There were about forty children present and they say it was the best party they ever attended. Lots of games were enjoyed and before the children went home delicious refreshments of sherbet, ice cream and cake were served.

Harry Houghton is enlarging and refurnishing his bakery and has added a candy department. Fresh candies from Santa Ana will be kept in stock henceforth.

Los Angeles Visitor

Ada Garrison spent several days last week with her aunt, Mrs. Elmer Preston, in Los Angeles. Mr. and Mrs. Jim Garrison motored to Los Angeles Sunday, spending the day and bringing their little daughter home with them.

Mr. George Oertley went to Los Angeles Monday to attend U. S. C.

Mr. and Mrs. Monte Preston expect to leave Monday for a ten days' vacation. They will go by motorcycle with side car attachment. San Diego will be their first destination, after which they will go on a fishing trip somewhere.

Ray Holly met with an accident and as a result is walking with the aid of crutches.

P. M. German was a business visitor in Los Angeles Wednesday.

E. A. Preston has taken a position at the bean warehouse.

S. M. Strong is building a cottage at Laguna.

Has 250 Pupils

The Garden Grove grammar school opened this week with an enrollment of 250 pupils.

Dr. Marshall's cottage at Laguna is completed.

Mr. and Mrs. Ray Christenson have moved to the place recently vacated by Chas. Southerland, who moved to Ohio. Mrs. Christenson's mother, father and brother are visiting them.

Dr. F. I. Dodge was a visitor in Garden Grove Wednesday.

Mr. and Mrs. H. A. Lake entertained a few of their friends last Saturday evening. Music and conversation made the time pass pleasantly and late in the evening delicious refreshments were served. The invited guests were Mr. and Mrs. J. A. Knapp, Mr. and Mrs. O. H. Anderson, Dr. and Mrs. C. C. Violet and Mr. and Mrs. P. M. German.

School Chums

Norval Carnie and Irvin Haberer of Chicago were guests of Malcolm Wharton last Friday and Saturday. Both are college friends of Mr. Wharton and members of the same fraternity, and stopped over on their way to Oregon Agricultural College. Mr. Wharton expects to start north in a week or two.

George Reyburn was a business visitor in Los Angeles on Monday.

Miss Constance German returned Monday from a few days' visit in Sawtelle with Dr. Louise Patterson.

Miss Elizabeth Brown spent Monday in Los Angeles.

Miss Mabel Watson left for Bloomington Wednesday, where she is a teacher in the grammar school.

Ethel Emerson celebrated her birthday last Saturday by inviting two of her little friends, Inez Russell and Edna Beardsley, to dinner.

The Epworth League of the Methodist Church held a social at the parsonage last Friday evening. There were about fifty present and a fine time enjoyed. Games were played and delicious refreshments served.

Mrs. P. M. German, Miss Georgena German and Irvine German motored to Downey Sunday, where they were guests of Mrs. German's sister, Miss Constance Irvine.

Mr. and Mrs. Fred Shumway and little daughter Grace visited Mrs. Shumway's parents, Mr. and Mrs. John Winters, Saturday and Sunday. Mr. and Mrs. McCarty were also guests at the Winters home Sunday.

For Long Beach take Crown Stages every hour

CHANGE BASEBALL PLANS

A change of games by the Los Angeles semi-pro booking office today resulted in games being arranged between Tustin and Norwalk at Norwalk and Santa Ana and the J. B. E. W. club of Los Angeles, here. The games will be played Sunday. Santa Ana and Tustin were to have played the second of their three-game series here Sunday.

CIRCUS COOK SERVES 4000 MEALS EVERY DAY

How would you like to supervise the cooking of 4000 meals every day? Also, how would you like to tear down your kitchen every night and move it to a different city, there to erect it again at daybreak?

It sounds like a staggering task to the average housewife, who finds quite enough to do in planning and supervising three meals a day for the average American family, the cooking, of course, being done in a thoroughly modern kitchen which does not have to be moved about on four wheels.

There is a man with the Barnum & Bailey circus, coming to Santa Ana on September 29, who has a family of approximately 1375 persons to feed every day during the circus season of 33 weeks. Inasmuch as the circus is constantly on the move and rarely stays engagements longer than a single day in a town, the head of the commissary department must do his marketing, plan his menus, erect his dining and kitchen tents once in every twenty-four hours in a different city. The circus commissary and his fifty or more assistants are the first to appear on the circus grounds in the morning, and the first to leave at night. Life for them is just one meal after another, with a brief interim of sleep at night. Only a perfect, clock-like organization makes it possible for this department to accomplish its difficult task. From early morning until the last commissary wagon is loaded on the train at night, every man has his specific duties to perform and he is expected to do them without direction.

The cooking appliances are the most modern and compact machinery that money can buy. The massive range is one of the largest ever constructed and it is mounted on a huge wagon which is hauled into the kitchen tent and placed in position every morning. The sides of the wagon are then folded down so as to form a wide platform on both sides of the range and then everything is in readiness for the day's cooking.

A great deal of the circus cooking is done by steam, generated from a boiler wagon and piped to the various vats and urns by means of rubber hose, which is quickly and easily connected.

The commissary system of the Barnum & Bailey circus is considered the most perfect method ever devised for the feeding of a large number of persons while continuously travelling, and the warring European nations have lately sent experts to America to make a study of it in operation. Much of the paraphernalia and system has already been adopted by the armies of the foreign powers.

5-CENT LOAF HANGS IN BALANCE IN L. A.

LOS ANGELES, Sept. 14.—A mass meeting of the bakers of Los Angeles who are members of the Wholesale Bakers' Association, has been called to decide whether or not the 5-cent loaf shall be taken off the market because of the increase in the price of flour, or whether some other method shall be adopted to meet the new situation.

This action on the part of wholesalers was initiated within a few minutes after members of the association learned that three inspectors working under instructions from Charles M. Fuller, county sealer of weights and measures, were making the rounds of the large bakeries checking the weights of loaves as they came from the ovens.

RECORDS ARE SMASHED ON N. Y. EXCHANGE IN PUBLIC BUYING WAVE

NEW YORK, Sept. 14.—Records today were smashed in a wave of public buying on the New York Stock Exchange. United States Steel Common established a new high mark at 106 1/2.

Millinery opening new goods every day at Gilbert's. Come and let us show you. Take the elevator.

THE WEATHER

Cloudy on the coasts tonight. Fair Friday. Westerly winds. Wednesday, Sept. 13.—Maximum, 83; minimum, 53 degrees.

MARKETS

NEW YORK, Sept. 14.—Ten cars oranges, two lemons sold. Oranges 10 to 15 cents higher on extra fancy; steady on ordinary and choice. Average, \$3.68 to \$6.48. Highest, Old Mission at \$8.25. Lemons from 10 to 25 cents higher. Averages, \$5.82 to \$6.62. Weather fair. Temperature, 69 degrees.

LOS ANGELES MARKETS (Special to the Register)

LOS ANGELES, Sept. 14.—The only changes in market prices today were, in butter, 21 cents; cranberries, \$9.50 and \$10 barrel.

MARRIAGE LICENSES

IN SANTA ANA, ON SEPT. 13, 1916 Arthur W. Lutz, 25, Santa Ana, and Edith B. Sentney, 24, Hutchinson, Kans.

Lyman Vanwey, 25, and Edith Clark, 21, both Fullerton.

William J. Sousa, 25, and Lela Wright, 18, both San Diego.

Luther C. Buntin, 22, and Ethel Clark, 21, both Los Angeles.

WATERWAYS FOR USE IN FUTURE RAIL STRIKES ARE PLANNED

Conclave At Quaker City to Devise Means to Combat Contingencies

PHILADELPHIA, Sept. 14.—The plan for a system of inland waterways to insure the transportation of freight and passengers in the eastern part of the United States in case of a general railroad strike will be considered by the annual convention of the Atlantic Deeper Waterways convention that has opened here.

An inland waterways system connecting all navigable rivers, lakes and canals, delegates pointed out, would serve the dual purpose of rendezvous for the navy in time of war and of a means of transportation during labor troubles.

Wide in Scope

Although Congressman J. Hampton Moore, president; Rear Admiral William S. Benson and A. W. Grant, Major Generals William M. Black and Tasker H. Bliss and Brigadier General E. M. Weaver and others confined their remarks to plans for the Atlantic coast. Other speakers later will urge similar plans for the Gulf and Pacific coast states.

About a thousand delegates from Atlantic coast towns and cities are here. The convention will last four days, during which, it is expected, addresses will be delivered by United States senators and congressmen of the Rivers and Harbors committee and the Commerce committee.

Secretary of the Navy Daniels is to speak before the convention September 16 at the League Island Navy Yard.

Tomorrow the delegates will move their convention to Trenton and the following day to Chester, Wilmington and Delaware City to examine canals.

Wilson to Speak

At Delaware City Thursday President Wilson is expected to address the delegates after an inspection tour of the Chesapeake and Delaware canal, "The Kiel of America," as the delegates call it. If the President cannot come, someone will be present to represent him.

One of the most important phases of the convention will be taken up at Delaware City: The transformation of the Chesapeake and Delaware Canal into a body of water large enough to float the largest battleship built, building or contemplated. This would afford a quick and safe passage for the sea dogs from the important Chesapeake Bay, from whence it would go to the defense of Baltimore and Philadelphia via the Delaware river.

Millinery opening new goods every day at Gilbert's. Come and let us show you. Take the elevator.

For You and Your Wife a Joint Account

Either husband or wife may draw against funds in a "joint account."

Ordinarily one party draws—but in case of occasional absence or sickness, the other party can draw funds at once to meet the usual family expenses.

In case of the death of either party the account passes to the survivor without administration.

"Joint Account" privileges may be secured in connection with both Savings and Checking Accounts.

Full particulars at our New Account Department.

RECITAL PROGRAM

Interesting Numbers Are Arranged For Entertainment Friday Evening

The Ladies' Aid of the Richland Avenue Church will give a recital on Friday evening, September 15, at the First Methodist Church. Mr. and Mrs. Jesse Albright will be heard in songs and duets, with Mrs. Arnold Peck as accompanist and Miss Althea Henrickson will give several readings. The program follows:

PART I

- (a) The First Song (C. G. Gutz); (b) While Sunlight Watch is Keeping (R. Schumann), Mr. and Mrs. Jesse Albright.
 Marionettes (Edward MacDowell)—Prologue, Soubrette, Lover, Witch, Clown, Villain, Sweetheart, Epilogue—Mrs. Arnold Peck.
 (a) The Spirit of Spring (Henry Parker); (b) Love is a Bubble (Francis Allitsen); (c) Just Awearyin' for You (Carrie Jacobs-Bond), Mrs. Albright.
 The Americanization of Andrea Francis (Stella Herron), Miss Althea Henrickson.
 (a) The Caprice of Bacchus (Dudley Buck); (b) Who is Sylvia? (Franz Schubert); (c) A Necklace of Love (Ethelbert Nevin), Mr. Albright.

PART II

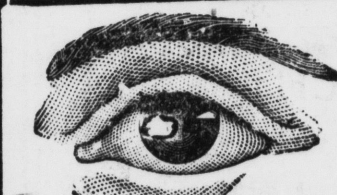

- Caprice Espanole (Moskowski), Mrs. Peck.
 (a) The Japanese Maiden (Jesse L. Gaynor); (b) Selections from "Art Song Cycles" (W. Otto Messner)—The Stork, Jack in the Pulpit, The Acorn; (c) My Laddie (Scott) (W. A. Thayer), Mrs. Albright.
 (a) At the Turn of the Road (Anonymous); (b) The Obstructive Hat in the Pit, Miss Henrickson.
 (a) I Hear You Calling Me (Charles Marshall); (b) Rolling Down to Rio (Edward German); (c) My Little Love (C. B. Hawley), Mr. Albright.
 (a) The Angelus (Chaminade); (b) When the Roses First Appear (F. Abt), Mr. and Mrs. Albright.

Recital

The Spurgeon Memorial church was crowded last night with a delightful audience gathered to enjoy the excellent musical program offered by the Rev. C. Norman Guice, whose singing at the Tabernacle meeting here last winter made many friends for him in Santa Ana. Miss Joe Glidden was accompanist.

Tribute Day Program

The C. W. B. of the First Christian church gave a splendid Tribute Day program last night in the Sunday school room of the church. Mrs. I. D. Mills gave a scripture reading, and the installation of the new officers followed, closed with prayer by Mrs. Thomas Vance. The subject for the evening was "The Great Commission," and was ably given by Mr. J. B. Reeve of Fullerton. The tribute of self-denial offerings averaged more than \$1 per capita for the members present. The new president, Mrs. James

The Ladies' Quartet of the church sang, and Miss Winifred Roberts gave an appropriate and most enjoyable reading. The business meeting closed with the C. W. B. M. benediction, after which a social hour followed.

LUTZ-SENTNEY NUPTIALS

Brilliant Wedding At Home of W. A. Huff At Noon Today

The W. A. Huff home on Cypress avenue was the scene of a brilliant wedding at high noon today, when Arthur Lutz of this city and Miss Edith Sentney of Hutchinson, Kan., were united in marriage. The ring ceremony was used, Rev. J. A. Stevenson of the First Presbyterian church officiating.

The bride is a niece of Mrs. Huff and only members of the immediate family of the principals were present. The bride's father, came from Hutchinson to attend the wedding.

The wedding obligations were assumed in the front parlor, which was beautifully and artistically decorated for the occasion. Cecil Bruner roses and ferns being used.

The groom is the son of Mr. and Mrs. W. F. Lutz of this city and was raised here, graduating from the Santa Ana High School. He has a large circle of friends here. He will teach in the Redlands schools this year.

The bride has visited at the home of her aunt here a number of times and enjoys the esteem and friendship of a large circle of acquaintances.

Following a wedding breakfast, for which the Dragon catered, the happy couple left for parts unknown to their friends. They will make their home at Redlands.

Torosa Rebekahs

The Torosa Rebekahs had a very interesting meeting last night, at which one application for membership was received. Refreshments of hot coffee and doughnuts were served at the meeting. The committee in charge consisted of Mesdames Elliot, Shaw, Hutchins, Wilson and Forbes.

Surprise Party

A very much surprised young man was Mr. Harry Conover, of Berrydale, when he was roused from his slumbers last evening by a merry company of his young friends, who had called to remind him that it was his fifteenth birthday. There were about twenty-five of these self-invited guests, and after a jolly wienie bake at the home of his father, Harry Lewis, the guests were ten boys from Ralph's Sunday school class at the First Presbyterian church. Beside the ever-popular roast wienies, there were marshmallows and cakes, making just such a feast as boys who are thirteen years old best know how to enjoy. Games of all sorts were played and Ralph and his young guests all feel sure that his thirteenth birthday is a day they will all remember.

Birthday Party

Ralph Lewis celebrated his thirteenth birthday yesterday evening with a jolly wienie bake at the ranch of his father, Harry Lewis. The guests were ten boys from Ralph's Sunday school class at the First Presbyterian church. Beside the ever-popular roast wienies, there were marshmallows and cakes, making just such a feast as boys who are thirteen years old best know how to enjoy. Games of all sorts were played and Ralph and his young guests all feel sure that his thirteenth birthday is a day they will all remember.

Pleasant Family Dinner

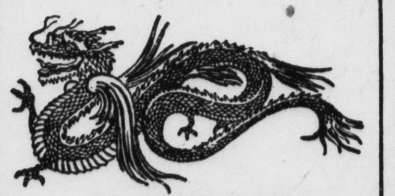

Mrs. E. H. Prince entertained yesterday evening at her home on Hickey street with a delightful family dinner party in honor of the birthday of her husband. The affair was also in the nature of a farewell for the daughter of the house, Miss Frances Conder, who leaves today for Hemet where she will assume next week her duties as a teacher in the Hemet schools. This is Miss Conder's second year at Hemet.

The gay autumn gold and yellow cosmos with its feathery green foliage and yellow nasturtiums were used effectively through the house, and they also were used on the table where covers were laid for Messrs. and Mesdames E. H. Prince, Walter Kenneth Prince, Roberta and Donald Williams, Elmer Prince, Janice Prince, and Miss Frances Conder.

DRY MEETING AT CITY HALL

Judge W. H. Thomas and Rev. S. W. Stone will speak at a dry meeting to be held at the City Hall tomorrow night at 7:30.

The popular ladies quartette of the German Evangelical Church will furnish the music.

ABOUT MISSIONS

Presbyterian Society Hears a Report of Miss Edna Alger's Work

The Missionary Society of the First Presbyterian Church held a very interesting meeting yesterday afternoon. In the absence of the president, Mrs. W. W. Anderson, in San Diego, Mrs. A. H. McDermott presided. The short business session was followed by a talk by Mrs. R. J. Blee, missionary instructor, on "Our Own Missionaries." Mrs. A. R. Rowley gave a sketch of Miss Edna Alger, a missionary in China. This was of especial interest, as Miss Alger was formerly a teacher in the city schools of Santa Ana, and has many warm friends here who are always glad to hear good news of her. Mrs. W. A. Nord, temperance secretary, gave an excellent talk, commenting especially on the fact that, though it has this year contributed no money to the Dry Federation fund, the San Francisco Labor Council is favoring the Drys and in many places doing excellent work for them. Devotional exercises were led by Mrs. McDermott. Plans were made for the thank offering meeting in November, of which Mrs. J. A. Stevenson is secretary. The main talk of the evening was given by Miss Helstrom, a missionary home on furlough from Korea.

Fruit Shower

Yesterday afternoon the ladies of the Unitarian Alliance journeyed to the home of their new minister and his wife on North Spurgeon street, taking with them canned fruits, jellies and marmalade. This abundant shower of good things was received with heartfelt appreciation by Mr. and Mrs. Baker.

Invites you to their opening display of

Autumn Millinery

Saturday, September the Sixteenth, Nineteen Hundred Sixteen.

A rarely beautiful collection of correct styles in millinery will be exhibited for your approval and comment. A special feature will be the

Johnsn Pattern Hat

Also, a splendid showing of children's headwear.

BROTHERS MEET HERE TODAY FOR FIRST TIME IN TWENTY-FIVE YEARS

Separated in Nebraska twenty-five years ago, two brothers met in Santa Ana today for the first time in that period. They were J. A. Fross of Springfield, Colo., and V. H. Fross, a well known fruit buyer, who has been a resident of this city for several years.

J. A. Fross arrived here this morning. He was not certain that his brother lived here, as he had not heard from him in many years, and had only indirect information of his location here.

The meeting was a pleasing surprise to V. H. Fross and family as the latter had no intimation of the intended visit of the Coloradoan.

J. A. Fross went from Nebraska to Western Kansas, where he engaged in farming for twenty years, and moved to Springfield, Colo., three or four years ago.

WILL DEMONSTRATE TRACTORS AT PUENTE

A big five-day tractor demonstration will be held at Puente commencing next Tuesday and lasting through the following Saturday. All makes of the "iron horses" will be demonstrated under actual working conditions—plowing, cultivating, discing, etc. Hundreds of farmers from all parts of Southern California are expected to be in attendance, and the citizens of Puente are making extensive arrangements for taking care of the crowd. Tractors are coming into more general use in farming operations and the purpose of the demonstration is to show what can be done with a tractor under all working conditions.

GETS HALF HONORS

FULLERTON, Sept. 14.—Wrestling half honors from the Santa Ana Valley Walnut Association, which claimed first honors over other growers and associations in the state for first shipment of the new walnut crop, the Association packing house of this city shipped a car of walnuts east Monday afternoon. The Santa Ana association shipped two cars Monday and broke what was thought to be the record for early consignments. But their record was equalled here and on the same afternoon a car of nuts, raised in this section, rolled out of the Santa Fe yards, eastbound. Most of the other houses here are now shipping, some of them having been delayed by the tardy arrival of nuts.

NEW PASTOR COMING

ANAHEIM, Sept. 14.—Rev. Malcolm C. Martin, the new Presbyterian minister, is expected to be in Anaheim to take charge next Sunday. He will preach in the morning at 10:15.

THINKS WATCH STOLEN

Sheriff Jackson has an Imperial gold watch that was taken from a Mexican dope fiend at Anaheim. The sheriff is satisfied that the watch was stolen from some one, but search of his records fails to unearth a description that fits the watch.

DAY NURSERY REPORT

The following donations were received at the Day Nursery during the month of August: Mrs. M. T. O'Brien, peaches and plums; Mrs. Alvin Cliff, canned fruit; Mrs. Nimmo, tomatoes; Mrs. R. R. Russell, potatoes, cucumbers; Mrs. Jessie Albright, jam; fruit and sandwiches; Mrs. S. W. Nau, box of pears; Mrs. C. M. Perkins, canned fruit; Baker's Bakery, cake and pies; Mrs. H. S. Kinsay, peaches; Mrs. Perkins, vegetables; Mrs. J. T. Vawton, peaches; Mrs. Stone, Mrs. Anna Gale, a Friend, Mrs. Lyon, Mrs. S. W. Nau, a Friend, gave clothing.

New Suits and Coats at Gilbert's. Take the elevator and let us show you suits from \$15.00 to \$45.00.

OSTEOPATHY AND MEDICINE.

Santa Ana, Cal.

COMMERCIAL VALUE OF CHARACTER, SUBJECT

(Communicated)

Rev. C. C. Seelman, D. D., who is to deliver a lecture tonight at the Spurgeon Memorial church on the "Commercial Value of Character," is the pastor of Trinity in Los Angeles. Trinity is an institutional church and the building cost \$1,000,000. Just now they are in a struggle to finance it. The Los Angeles Investment Company which furnished the money to build it went "broke" just as the building was completed. It is hoped that they will be able to make some arrangement that will secure the building to the Trinity congregation.

Dr. Seelman has had special opportunities to study the work of institutional churches. He toured Europe a few years ago making a special study of that kind of work. It was because of his special qualifications that he was selected for the Trinity pastorate. He is a genial, companionable man, an able and fluent speaker and ranks high as a leader among the church folk of Los Angeles.

NEWS FROM CO. L

EN ROUTE TO FORT HAUCHAU, HA, Sept. 10.—This is Sunday night and we are on the road and at the end of our first day's journey, a distance of six or seven miles. We are at the pumping station.

We were routed out at 5 o'clock this morning and started to roll our blankets. We ate breakfast, loaded the wagon and everything was ready for the start, which was made at 7 o'clock.

Over seventy-five men were left in charge of the camp. Those left from Company L were Corporal Charles Jackson, Cook Fred Jaeger, Privates Dahl, Jones and Coleman.

The hike to our first camp was made in good time. None of us dropped out. In fact there were few in the whole Seventh.

Our top sergeant, Walter Pease, returned to camp

ELLA DAVIS TAKES FIRST PLACE IN TODAY'S PUBLISHED SCORE

Several Others Make Good Gains, Notably Fred P. Stever, But Most of the Candidates Are on a Still Hunt For New Annuals.

Some Big Results Are Going to Be Achieved By Tireless Workers During the Last Two Days of the "Bonus Vote and Cash Prize" Contest.

And Those Who Fail to Improve the Opportunity Afforded by This Auxiliary Contest Will Certainly Place Them selves At a Disadvantage.

Today's score shows very few changes—EXCEPT that Miss Ella Davis makes a great gain—from 249,750 to 324,750.

AND—this puts her at the head of the list—ahead of Miss Fippis—Miss Davis, Miss Fippis and Mr. Brown are now "neck and neck" as those who "play the ponies" would say.

Miss Davis made her great gain IN THE COUNTRY—and she's still working in the country.

Another town girl has gone to the country—and she'll be heard from, too, within a very short time.

Fred P. Stever also makes a fine gain—from 180,000 to 220,000.

Two others show gains of twenty odd thousand—Miss Lillie Robinson of Fusch and Hays Fleming of North Main street.

But most of the contestants made no reports today—except to phone in for information or to say "I'm on the job." They are all "holding out"—too busy to report.

And that's right, too, for there's only two more days in which to work for the Big Bonus Votes and Cash Prizes offered for NEW ANNUAL subscriptions secured THIS WEEK.

Redouble Your Efforts

Make up your mind to give your undivided attention to the contest for the last two days of the Vote Bonuses and Cash Prize struggle. Don't let anyone pass you by without talking to them. They have all read the Register, they all know you are a candidate and that you want that beautiful Studebaker Six Touring Car, and the first thing they expect to hear from you is CONTEST.

Keep your candidacy before everyone you meet and make them feel that you are confident of victory. If you meet twenty-five people a day, don't let the twenty-fifth person get away without getting just as much contest conversation from you as the first. If you don't get a subscription from him, you'll get his promises of one or you will at least have the satisfaction of knowing that when he talks about the contest to someone else he will say you "Look like a winner" instead of one who has "given it up."

One little circumstance after another soon forms a chain of evidence that either acquits or convicts.

If you tell every one you meet that YOU ARE GOING TO WIN, they will have to find the circumstances form their opinion that way and it will soon be the general opinion of the public at large and if there are any stray votes coming into the contest department the subscriber having the stray votes will poll them FOR YOU!

If you say nothing you'll get nothing.

A Texas Wonder

—The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment, and seldom fails to perfect a cure. Send for testimonials from this and other states. Dr. E. W. Hall, 2296 Olive street, St. Louis, Mo. Sold by druggists.—Advertisement.

NOW FOR THE FINAL SPURT FOR BONUS VOTES AND CASH PRIZES

The big Bonus Votes and Cash Prizes offer has but two (2) days more to live; it has been advertised since last Saturday night, and the public at large, wherever the news of this contest is spread, realize as well as the candidates themselves, that NOW is the time to subscribe; and if you will put in the next two (2) days with a never-let-up spirit you'll find yourselves the recipients of a surprisingly large number of votes.

And be sure to remember that you must have your subscriptions in by 6 p. m. Saturday, Sept. 16.

Candidates living outside the city of Santa Ana will be allowed to place subscriptions for the Bonus Vote and Cash Prizes in their respective post offices any time Saturday, but the post office mark must bear witness that such mail was placed in the post office on Saturday, Sept. 16.

This Is the Offer of Bonus Votes and Cash Prizes

For the largest number of NEW ANNUAL subscriptions we shall give a prize of \$10 in cash and 100,000 EXTRA votes.

For the second largest number, \$5 in cash and 50,000 EXTRA votes.

For the third largest number, \$2.50 in cash and 25,000 EXTRA votes.

Remember, now! A NEW subscriber is one who was not on our books when this contest was announced, Tuesday, August 29th.

An annual or yearly subscription is one paid for a year in advance.

And of course four 3 months, or two 6 months, or two 12 months and two 3 months subscriptions will count as one yearly subscription.

Also of course a subscriber who pays for 2 years, 3 years or 5 years will count as 2, 3, or 5 yearly subscriptions.

ALL the candidates, in order to have any chance of winning the capital prize, will simply HAVE TO GET IN ON THE BIG VOTES THUS MADE POSSIBLE.

Somebody is going to feel mighty good and proud next Saturday night with a Ten-Dollar-Bill tucked away in his inside pocket and 100,000 EXTRA votes in the ballot box, not to mention the whopper regular vote on the NEW annuals that won the cash and the EXTRA votes!

List Of Contestants And Vote Standing

Showing votes turned in by candidates up to 11 o'clock today.

DISTRICT NO. 1

Is comprised of all of the city of Santa Ana east of Main street and extending to the city limits.

G. Ben Brown, 621 Wellington Ave., Santa Ana	303,590

LEPROSY CURE FOUND IN CUBA HOSPITAL, IS REPORT OF PHYSICIAN

HAVANA, Cuba, Sept. 14.—That the long sought cure for leprosy may have been found was indicated yesterday by Dr. Lopez Delvalle, director of said hospital, who said that various lepers in San Lazaro Hospital who had been treated with a remedy by which Angel Garcia, a former leper, had cured himself, are much better and some cases appear to be cured. Garcia shows many mutilations received from the disease, but he appears perfectly cured. He refuses to disclose the secret of the prescription.

JEWISH WAR VICTIMS AID TO BE CARRIED BY WARSHIP OF U. S.

NEW YORK, Sept. 14.—Felix M. Warburg, chairman of the joint distribution committee for Jewish war relief, has announced that the United States cruiser Des Moines will leave soon for Alexandria and proceed to Jaffa to transport the medical supplies sent by the committee for the hospitals in Palestine.

Through the courtesy of the secretary of the navy, permission has been granted for the cruiser to take aboard at Jaffa the wives and children of American citizens who desire to leave the country for the United States.

Some One Will Get This \$1200 Automobile on Oct. 14, 1916

Clip coupon carefully and write plainly name of the contestant you wish to favor.

SELLS 5-ACRE RANCH \$20,000

Several Realty Deals Reported From the Vicinity of Brea

BREA, Sept. 14.—R. W. Cole sold his ranch, containing a fraction less than six acres, for \$20,000. Lee Bates becomes the new owner. The price paid is a record-breaker for the northern part of Orange county. The property is improved with a ten-year-old orange grove.

P. F. Bennet sold his home on the Stearns last week to C. W. Peck. Bennet has removed with his family to Whittier, where he expects to make his future home. Mr. Peck plans to make some extensive improvements on the property and make it an ideal home place.

The scientific world will receive an awful jolt in a few days. R. B. Ingram and L. L. Sweet were away a few days the latter part of last week and put in some hard licks on a new machine that will pick the gold right out of the sand and gravel as easily as a pickpocket removes a roll.

George Grim and family are away this week enjoying a vacation at San Diego and the beaches. Grim is assistant to C. M. Platt and looks after the repair work on the Union's gas engines.

Mrs. J. B. Thompson is visiting friends and relatives at Ventura county this week.

A real estate deal or two was recorded on the Stearns records last week. Andy Anderson has sold his house to J. F. Summers.

Edgar L. Smith and wife have moved to the home recently vacated

by Mr. and Mrs. C. W. Peck.

Lee Esthes has taken up his residence on the Stearns, having moved his family there a few days ago. Esthes is one of the Union's heavy-weight teamsters.

Mack Blanchard and Lee Calderwood made a trip to the Angel City last Friday in the big seven-ton truck. The boys took in a load of junk iron and steel, bringing back oil well tools and drilling well supplies. The railroad strike would not affect the Union Oil Company in the least.

W. H. Brownfield and Elwood Pickering, after spending their summer vacation working for the Union Oil Company, returned to the Fullerton High School last Monday.

L. S. Conover, W. R. Kent, Mack Blanchard and M. I. Horine, all prominent Stearns stabs, were Los Angeles visitors Saturday evening.

Myers Sala, assistant warehouseman, spent Sunday at Redondo Beach with his parents. Myers will commence training in a few weeks for the Mt. Wilson record.

H. G. Van Denburgh, oil accountant, and J. Willis Steele, head of the Stearns Master Builders' Association, attended the big Elks' doings at Santa Ana Tuesday evening.

C. E. Gunnison is about to break into automobile circles. He bought a runabout in the Angel City that had runabout a mile and stopped, and is overhauling the car. Gunnison is a mechanic and is expected to produce something good.

CHANGING SEASONS BRING COLDS "Stuffed-up head," clogged-up nose, tight chest, sore throat are sure signs of cold, and Dr. King's New Discovery is sure relief. A dose of this combination of antibiotic balsams soothes the irritated membrane, clears the head, loosens the phlegm, you breathe easier and realize your cold is broken up. Treat a cold persistently; half-way measures leave a lingering cough. Take Dr. King's New Discovery until your cold is gone. For 47 years the favorite remedy for young and old. At your Druggist's, 50c.

Take Crown Stages for Pomona and San Bernardino County points.

Dr. Jacobs, Santa Ana Painless Dentist, 102 1/2 East Fourth, Phone 253.

YOUR AUTO WILL BE AS GOOD AS EVER

after we have repaired it. No matter how badly damaged it may be we can and will put it in serviceable shape again. We have complete facilities for auto repair work and the skill to use them. If you want to be sure your car will be repaired right send it here.

LOS ANGELES PRODUCE MARKET
Strawberries were selling Wednesday for 7 to 8 cents a basket; blackberries from 8 to 10 cents a basket; and raspberries from 10 to 14 cents a basket; guavas are rather plentiful at 6 cents a basket, and dealers report that they are moving slowly. Local jobbers announced yesterday their prices on cranberries for delivery September 30, the same approximately \$10 a barrel.

All grades of sugar will be raised 15 cents a hundred today, much to the surprise of the local trade. It was expected that the market would not change for some time after the sharp reduction of 75 cents a hundred which went into effect about ten days ago, but evidently the speculators figure on having some more fun with the ultimate consumer at the consumer's expense. Refiners claim that the drop in sugar prices of 75 cents a hundred has stimulated such a heavy consumption on the part of the public that the advance was justified. Whether the market will remain firm at the new level is anybody's guess.

Onions were raised \$2.15 and \$2.25 a sack yesterday, and there is a chance of another advance in the near future.

CURRENT PRICES
[The following market prices on poultry and eggs, fruits and vegetables are compiled daily for the Register, based on the quotations prevailing on the Los Angeles produce exchange for the current day preceding. NOTICE FOR PUBLICATION OF TIME FOR PROVING WILL, ETC.

In the Superior Court of the County of Orange, State of California.

In the matter of the Estate of Mary Jane Davenport, Deceased.

Notice is hereby given that Friday, the 22nd day of September, 1916, at 10 o'clock a. m. of said day, at the Court Room of Department No. 2 of this Court, in the City of Santa Ana, County of Orange, State of California, has been appointed as the time and place for hearing the application of Roy Davenport, praying that a document now on file in this Court, purporting to be the last Will and Testament of the said deceased, be admitted to probate, that Letters Testamentary be issued thereon to Roy Davenport, at which time and place all persons interested therein may appear and contest the same.

Dated September 11, 1916.
W. B. WILLIAMS, County Clerk.
WALTER EDEN, Attorney for Petitioner.

PROPOSES PARIS ART SALE

PARIS, Sept. 14.—New York bids fair to become the home of many of the masterpieces now hanging in the Louvre and Luxembourg museums. The sale of these gems in the world of art was proposed by Urbain Gohier in order to restore France's trade balance with America.

EXCHANGES

8 room, 1½ story modern home in restricted Los Angeles district; no floods; slightly and healthy; 10 minutes to town. Price \$3500, clear. Want Santa Ana residence even value.

Beautiful Wilshire home, completely furnished; rented \$45.00. Price complete \$7000. Mortgage \$1000 at 6 per cent. Want small income ranch. Want to borrow \$4000, 7 per cent on improved 15 acre ranch.

Notary—Insurance—Loans.
Harris Bros. Both Phones.

FOR SALE OR EXCHANGE

5 acres of Valencia, northeast of Tustin, 6 years old, fair buildings. Want house and lot in Santa Ana or Orange.

6 acres, near Orange; good building; 3 acres Valencia, balance mixed fruits, on boulevard.

We have 20, 30 or 40 acres at Wintersburg, good beet or bean land, fine location, water stocked by artesian well, good buildings; \$350 per acre for the 20 or 30 acres without buildings. It will pay you to see us about this, if you want a BARGAIN.

CARDEN & LIEBIG
307 North Main St.

Lost and Found

FOUND—Ray mare; white leg right side, about 8 years old. L. Sepulveda, R. D. No. 3, Anaheim.

LOST—Pair bifocal glasses with aluminum frame on Chapman Ave. between Orange and half mile north of E. Moderna, 313 E. Pine St., Santa Ana.

LOST—Currency purse containing sum of money, at postoffice on Sycamore and Fourth, Reward, O. S. Waters, P. O. Box 321, Santa Ana.

LOST—First and Main St., let black cat. Informant will be greatly appreciated by two little girls. Phone 436-J or 391-W.

G. O. P. REUNITED, SAYS HUGHES AS TO MAINE

PLATTSBURG, N. Y., Sept. 14.—Charles E. Hughes, in the last speech of his first Presidential campaign trip, asserted here before a crowd that filled the opera house that the split in Maine had proved the Republican party was reunited. He declared the party would not "change its plans or aims." Persons in the audience took the reference to apply to criticisms of the methods pursued in conducting the present campaign, and applauded the nominee vigorously.

ALPINE, Tex., Sept. 14.—Indictments charging Harry J. Spannelli, an Alpine hotel keeper, with the murder of his wife and Lieutenant Colonel M. C. Butler, Sixth United States Cavalry, were returned by a county grand jury here. Spannelli was held to answer for the homicide today at El Paso, where he has been held for safe keeping, to plead to the indictments.

HUGHES WILL WIN, 2 TO 1 ODDS IN GOTHAM

NEW YORK, Sept. 14.—Wall street odds on Hughes are now 2 to 1, with no money in sight.

Edward McQuade, betting commissioner on the curb market, announced that he has \$5000 to place on Hughes at odds of 2 to 1. All the Wall Street money he has held for weeks will be placed at 1 to 2 has been withdrawn.

NOTICE INVITING BIDS

Santa Ana, Calif., Sept. 6, 1916.

In pursuance of a resolution of the Board of Supervisors of the County of Orange, Cal., adopted September 6, 1916, directing this Notice, notice is hereby given that the Board of Supervisors of the County of Orange, California, will receive at its offices at the Court House at Santa Ana, at or before the hour of 2 o'clock p. m. of October 4, 1916, bids for the construction of a four inch, sixteen feet wide concrete pavement on Myford Road extending from State Highway and located by a distance of about three-fourths mile.

Bids must be made on the form provided for this purpose, addressed to the Board of Supervisors, Orange County, Cal., and marked "Bids for Myford Road." The work is to be done in accordance with the plans and specifications adopted by the Board of Supervisors in the office of said Board and in the office of the County Surveyor in the Court House.

Each bidder must submit with his proposal a satisfactory check certified by a responsible bank and payable to the order of the County of Orange, for an amount not less than five per cent of the aggregate sum of a guarantee and deposit. The bidder will enter into the proposed contract if the same is awarded to him, and in event of failure shall become the property of the County.

The amount of the bond to be given to secure a faithful performance of the contract for said work shall be 25 per cent of the contract price thereof, and an additional bond in an amount equal to the amount of the contract price for said work shall be given to secure the payment of claims for any material or supplies furnished for the performance of the work contracted to be done by the Contractor, or any work or labor of any kind done thereon, and also to be given to furnish a certificate that he carries compensation insurance covering all his employees upon work to be done under contract which will be entered into between him and the said County of Orange will furnish the necessary sand, crushed rock, gravel and cement, to be used nearest freight siding to said work.

Copies will be furnished intending bidders upon application to the County Surveyor at which time and place a deposit of three (\$3.00) dollars will be required, same to be returned on the filing of bid, and the balance of the deposit to be returned to the bidder on the filing of the bid.

By order of the Board of Supervisors of the County of Orange, State of California,
W. B. WILLIAMS, County Clerk.

NOTICE FOR PUBLICATION OF TIME FOR PROVING WILL, ETC.

In the Superior Court of the County of Orange, State of California.

In the Matter of the Estate of Albert S. Collins, Deceased.

Notice is hereby given that Friday, the 15th day of September, 1916, at 10 o'clock a. m. of said day, at the Court Room of Department No. 2 of this Court, in the City of Santa Ana, County of Orange, State of California, has been appointed as the time and place for hearing the application of Dan W. Simms, praying that a document now on file in this Court, purporting to be the last Will and Testament of the said deceased, be admitted to probate, that Letters of Administration with Will annexed be issued thereon to Dan W. Simms, at which time and place all persons interested therein may appear and contest the same.

Dated September 1, 1916.
W. B. WILLIAMS, County Clerk.
SIMMS & FULWIDER, Attorneys for Petitioner.

BLACKLIST NEED NOT CAUSE U. S. WORRY, WORD OF PROBER

American Agents In Europe
Planning to Protect Yan-
kee Interests

BY JOHN H. HEARLEY
(United Press Staff Correspondent)
ROME, Sept. 14.—"British black-
lists and other economic and indus-
trial measures needn't worry the
American business man," said Claren-
ce W. Moomaw, European investi-
gator of markets for the United States
Department of Agriculture, here to-
day.

Moomaw's investigations in Eng-
land, France, Switzerland and Italy
are the basis for his statement. Later
he will visit Russia, Scandinavian
countries and Spain.

Moomaw is one of many agents in
Europe making plans to protect Amer-
ica's future commercial relations with
Europe. Special investigation is be-
ing made into the exportation of
American grains, livestock and cot-
ton.

To Guard U. S. Interests
The department probably will es-
tablish permanent agencies in the
principal European cities after the
war to see that American interests
are protected and furthered.

Plans are being made to overcome
England's discriminatory freight rates
in favor of herself and her allies and
to the disadvantage of enemy and
neutral nations. It is said that now,
because the grain must be shipped in
British bottoms, wheat bought at one
price in the United States is sold to
Britain and her allies by British car-
riers at five times less than it is sold
to Switzerland and other neutral
countries.

An attempt is being made to estab-
lish direct trade relations between
the United States and Italy. As it
now is, Italy must buy, for instance,
all her cotton through Liverpool
agents, thus permitting the British
to control the Italian-American trade.

U. S. Investments
The secret of how America is to
overcome these difficulties, at least in
part, is the investment of American
capital in European countries and the
establishment of American banking
facilities. The National City Bank of
London, for example, has taken steps in
this direction in Milan and Genoa.

BOARD OF SUPERVISORS

IF CANYON ROAD IS BUILT NOW KELLOGG TO GET JOB

All Bids But One Rejected,
But Decision Is Continued
To September 19

Yesterday afternoon the Board of
Supervisors rejected all bids but one
for building the Sulphur Slide roads in
the Santa Ana canyon.

The supervisors did not let the con-
tract yesterday to the lowest bidder,
H. Clay Kellogg. That there is a pos-
sibility that the construction of the
road will not be undertaken at this
time is indicated by the fact that the
supervisors again postponed action
upon letting the contract.

Last week the supervisors opened
two sets of bids, one for building a
road over the ridge behind Sulphur
Slide, which route would avoid the
Sulphur Slide section at the edge of
the river, a treacherous section. Yester-
day all those bids were set aside,
and the checks accompanying the bids
were ordered returned to the bidders.

Two bids were received last week
for the construction of the highway
along the river's edge, under plans
submitted by Engineer H. Clay Kellogg.
Kellogg as a contractor bid
\$23,394.16, and the only other bid was
from Messmer & Rice. That bid was
\$36,594.18. Practically all of the bidders
who submitted figures for the in-
terior road did not bid for the river
edge road.

It is reported that there is some
question in the minds of a part of the
Board of Supervisors as to the advis-
ability of going ahead with construction
at the river's edge at this time.
However, it was the order of the board
that Messmer & Rice's bid check be re-
turned, and that Kellogg's be retained.
Action on the bids was continued to
Sept. 19.

Coast Boulevard
Bids were ordered advertised for
the construction of three miles of
coast boulevard between Huntington
Beach and Sunset Beach. These bids
are to be opened on October 4 at 2
o'clock. While it has not been de-
finitely decided to proceed upon these
bids after they are secured, one pur-
pose in asking them is to determine
approximately what the cost of the
road would be.

By Road District
Bids are to be opened soon for
three-fourths of a mile of paving on
Myford road. That road is to be paid
for not out of the general fund, but
entirely out of the road district fund
of the San Joaquin road district. Su-
pervisor Leck having reserved some of
his road district fund for that purpose.

Passed to West
The referendum petition concerning
the United Storm Water District was
reported by County Clerk Williams as
sufficient, so far as the number of sig-
natures is concerned. The petition
was referred to District Attorney E. A.
West for an opinion. The board asks
that the district attorney give his opin-
ion before 2 o'clock, Sept. 19. The
question to be passed upon by him is
as to whether or not the order of the
board forming the district is subject
to a referendum.

State Highway
At the request of the Santa Ana
Chamber of Commerce, the Board of
Supervisors joined with that body in a
resolution urging the State Highway

Commission to take immediate action
in placing shoulders upon the state
highway below Tustin.

Bonds Accepted
The \$3600 material bond and the
\$1800 performance bond of M. T.
Shafer, contractor, for building a sec-
tion of the Placentia-Yorba paved
road, were accepted.

Mrs. Maud Quigley was appointed
secretary of the Yorba Linda Library
District to succeed Mrs. Jack Davis.

The Bixby Development Company
was granted permission to place a
telephone wire under the Santa Ana
canyon road.

The county health officer and the
county purchasing agent were given
permits to attend state conferences.

The board canvassed the returns
of the election of trustees of the Unit-
ed Storm Water District, and announ-
ced the results to be as reported in the
unofficial returns yesterday.

INDIANAPOLIS SCENE OF NOTIFICATION OF MARSHALL TONIGHT

INDIANAPOLIS, Sept. 14.—Democ-
rats from every state gathered here
today for the formal notification to-
night of Vice President Marshall that
he has been renominated for that
place by the Democratic party. Na-
tional Chairman Vance McCormick
and western leaders were also to con-
fer on the political situation.

Martin H. Glynn, ex-governor of
New York, will deliver the notification
address tonight at a Tomlinson hall.
Governor Ralston will preside.

Tonight's notification will be the
third held in Indianapolis in the pre-
sidential campaign. Republican Vice Pres-
idential candidate Charles Warren
Fairbanks, and Prohibition Presiden-
tial candidate J. Frank Hanley also
received the official notification of
their selection in this city.

IN THE JUSTICE COURT

COX SENDS FOR LOS ANGELES WITNESS

C. S. De Lano Ordered Held to
Answer For Not Giving
Aid to Injured

Leslie Scott, Jr., a movie actor, is
due to a surprise.

When Deputy Sheriff Gannett sum-
moned him to appear here today as a
witness in the preliminary hearing of
C. S. De Lano of Los Angeles, Scott
said to Gannett that he was "not going
to pay any attention to that old judge
down there." Scott said he was too
busy to go to the hearing.

This conversation was reported to
Justice Cox this morning when Scott
failed to show up in court. A bench
warrant was issued for Scott, and he
is to be brought here.

De Lano was ordered held to answer
for trial in the superior court. He is
accused of failing to give aid and in-
formation to a person injured in an au-
tomobile crash.

Donald Seeger, a transfer man of
Pasadena, testified that De Lano's
car cut in front of him, and threw
Seeger's truck off the highway, caus-
ing Al S. Seeger to fall and be injured.

W. E. Burrows, an autoist, who was
approaching, substantiated Seeger's
story. Burrows said that he stopped
De Lano. De Lano did not go back
to the place where the woman was
hurt.

De Lano and three others who were
in his machine testified that they did
not know that their car touched the
truck, and that De Lano would have
gone back had not two men from the
truck told him it was not necessary.
De Lano said he gave them his name
and number.

Deputy District Attorney Koepsel
prosecuted, and Attorneys M. A. Cain
of Santa Ana and Drew Pruitt of Los
Angeles defended.

Charge of Larceny
Joseph Meyer, who lives in a room-
ing house here, swore to a complaint
charging J. Duprey with stealing \$75
from him. Duprey was arrested by
Officer Joseph Ryan last night.

Held to Answer
Juan Ramirez, Romeo Valles and
Juan Arriaga, all of Delhi, were or-
dered held to answer for trial in the su-
perior court on a charge of burglariz-
ing the home of Mrs. Belle Biags at
Delhi. Ventura Morena of Anaheim,
in whose house Sheriff Jackson found
the stolen clothing, testified that the
 trio brought the articles to him.

Warrant Authorized
The district attorney's office has
authorized the issuance of a warrant
for the arrest of William Sharp upon
a charge of selling cigarettes to Carl
Warner, who is under 18 years of age.
The case will come up in the Orange
township court.

TESTED AND PROVEN

There is a Heap of Solace in Being
Able to Depend Upon a Well-
Earned Reputation

For months Santa Ana readers have
seen the constant expression of praise
for Doan's Kidney Pills, and read
about the good work they have done
in this locality. What other remedy
ever produced such convincing proof
of merit?

Mrs. H. A. Moesser, 910 W. First
St., Santa Ana, says: "My kidneys
were out of order and I suffered from
backache. There was a dull aching
in the small of my back and the ac-
tion of my kidneys was too frequent,
causing much annoyance. My feet
swelled, caused by the retention of the
kidney secretions. I heard about
Doan's Kidney Pills and procured
some from the White Cross Drug Co.
They removed the pains and greatly
helped the other symptoms."

Price 50c, at all dealers. Don't
simply ask for a kidney remedy—get
Doan's Kidney Pills—the same that
Mrs. Moesser had. Foster-Milburn
Co., Props., Buffalo, N. Y.—Advertise-
ment.

The Hayes 5-10-15c Store

Now at 303 Main Street

Will soon be ready for business in our
new home at 206 East Fourth Street as
the Hayes Variety Store.

It is now two and one-half years since we opened in Santa Ana as a 5c, 10c and
15c store. The results have been gratifying, but with the growth of our business
we have an ambition to extend farther and while we shall continue to specialize on
everything in 5c, 10c and 15c goods at the same and better prices we shall also add
a large stock of better and higher quality goods in the variety line. Come and see.

Hayes' 5-10-15c Store

CASE WILL GO TO JURY TODAY

Fight Centers Over Whether
Or Not the Lodge Cafe
Is Responsible

This afternoon Attorneys Visel,
Belcher and Wells for the plaintiff
and Head and Greer for the defendant
are arguing before a jury the case in
which Mrs. Lena Dugan of Cypress
asks \$10,200 damages from the Lodge
Cafe and its chef, Mer Benkert, of
Seal Beach.

Testimony was completed this after-
noon.

The Lodge Cafe has made its fight
to avoid damages by attempting to put
the entire responsibility upon Max
Benkert, the chef, who was driving the
automobile when it struck the Dugan
buggy. The cafe takes the ground that
Benkert took the automobile without
authority for a joyride, that he was
not upon the business of his employ-
er, and that the driving of the machine
was at no time in the line of his em-
ployment.

Benkert testified along the line of
defense made by the Lodge Cafe. He
was the main witness for the defense.
Attorneys for the plaintiff had Mrs.
Dugan upon the stand. She exhibited
her right arm and hand to the jury.
The wrist and fingers are stiff. Other
witnesses called by the plaintiff were
Ella Smith, Donald Grindley, Eva Rus-
sell, Mary A. Dean, Maggie M. Litter,
A. E. Sappington, Thomas Nichols, J.
Dugan, P. F. Haskell, Florence H.
Forest, Dr. C. D. Ball, Dr. John
Wehrly.

Suit for Divorce
Action for divorce has been brought
by Charles Weaver against Bertha
Weaver. The couple married in Har-
risonville, Kan., in 1909, and lived to-
gether less than five months. Deser-
tion is the ground of complaint. M.
A. Cain is attorney for the plaintiff.

BALBOA GETTING IN SHAPE FOR TOURNEY OF SWIMMERS

Convenience of Spectators,
Contestants To Be
Looked After

MEET TO BE HELD ON
SEPTEMBER 23 AND 24

Many Stars Will Compete in
Southern California
Championships

When the Southern California swimming championships are staged at Balboa September 23 and 24 everything will be in apple pie order. Special attention will be given, by those in charge, to details that will aid the spectators to see the various events to the best advantage and that will facilitate the work of the contestants.

One of the principal things that has been decided upon is to have the course, which will be 100 yards long, close to the shore. Also, on the sand, bleachers will be erected, so the spectators can see the swimmers and not merely splash, away out in the bay. Every swimmer before taking to the water will be announced by a man with a megaphone. The announcer also will yell out who is leading at various distances.

Floats fastened tightly to piles will be the turns in the course, assuring stability. All the officials will be representatives of the A. A. U.

A solid high-diving platform will be built and fastened tightly to piles to the bottom of the bay.

The meet itself ought to be as excellent an exhibition of swimming and diving as the south has seen. Lady Langer ought to be back in time to swim in the distance. Elliott Burns and Dula will come up from San Diego. Billy Williams, the national fancy diving champion; Dorothy Burns, the woman's champion diver; Dorothy Burns, the national backstroke champion; Jerry Witt, Mark Howlett, Guy Sylvester, Bob Howard, Jack Kilburn, Tod Burns, Bob Vint, Old Man Haylock and Messinger will be among those entered.

DOUBLE ANNIVERSARY IS CELEBRATED BY BUYING STUDEBAKER

Tool Kit, Never Used, Transferred From Old to New
Car by C. M. Jordan

C. M. Jordan, the well-known contractor is driving a new Studebaker Six, seven passenger machine. There's a reason, let Jordan tell it:

"Forty-four years ago today my mother gave birth to a son, and nine years ago today my wife married that son. The double anniversary is being celebrated by the annexation of a machine which has brought Fred Ross happiness, 'fatness' and fame, the Lutz Company wealth and hundreds of drivers the joy of their lives."

Jordan has been driving a Studebaker for years and the fact that he has "come back" is evidence that the make has met his every demand.

When transferring his personal belongings from the old to the new car, Jordan incidentally took out the tool kit in his search for something that belonged to him.

"That's the first time I have ever taken that tool kit out, Fred," said Jordan. "I have never had any use for it with this car; I don't even know what the kit consists of."

"Can I make Big Bear Valley on the high with this car?" queried the proud owner of the new Studebaker seven of the popular salesman.

"No, you cannot; but you won't have to put any water in the radiator," was the response.

Jordan will make a trip to Big Bear in a short time to try out the machine.

SUPER-SIX COLLIDES WITH HOUSE, MOVES IT AND ESCAPES DAMAGE

It takes a pretty husky automobile to slam against a house and move it from its foundations without being damaged. Yet that very thing happened recently just outside of Rocky Point, near Providence, R. I. A Hudson Super-Six was the car involved. It is stated that they were able to find the building after the collision, as it was still in one piece, but the owner's confidence in it was considerably shaken. Just before he reached the building the driver turned sharply to the left to avoid another car. In the turn one of the hubs of the car struck the corner of the building and then continued on its way. If the owner of this Super-Six had doubted the claims of the makers of his car as to its power, he ceased to do so from that moment. Before he could stop his car the building, a frame structure about 15 feet square, had started to move. It continued to move until it had left its foundations, or until the car stopped. No, the Super-Six was not damaged in the least.

HERE are three sensational players in the national amateur golf championship tourney at the grounds of the Merion Cricket Club, Philadelphia. Chick Evans is the present national open champion; Robert Gardner is the national amateur champion, who is defending his title. Robert T. Jones of Atlanta is just fourteen years old. His sensational golf has startled the golf world. The other day he defeated Ebon M. Byers, former national amateur champion.

STRUGGLE WITH MUD AND RAIN DURING TEXAS TOUR TOLD

Santa Anans Complete 4000
Mile Trip; Deluge in New
Mex. Causes Delay

W. N. Carter, wife and daughter returned Sunday from a six weeks' auto trip to Fort Worth, Texas. They traveled in the Carter Overland and had no motor trouble on the 4,000-mile tour.

One of the features of their camping equipment was a slat bed—arranged with slats so that it could be rolled up when not in use. When in use it was placed on top of the backs of the seats, making a very comfortable bed within the car.

Their only unpleasant experience on the long journey occurred in New Mexico, following a hard rain. Lakes were formed on the desert by the heavy downpour and instead of going around one of the temporary lakes Carter attempted to drive through it, and got stuck. The incident happened just before dark. With water up to the hubs of the machine and no farm houses at which immediate assistance might be secured, in sight, the party slept in the machine all night. The next morning assistance came unexpectedly when a Ford owner drove by. The Ford pulled the machine out of the lake.

The trip was made by way of Santa Fe trail, which is said by Carter to be in good condition.

There is plenty of water along the trail and the motor party had no difficulty in getting all it needed.

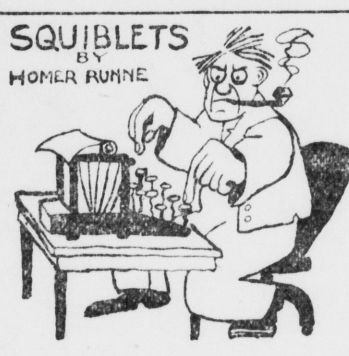

DEPUTIES STRICT IN ENFORCING MEASURES GUARDING SURF FISH

SAN DIEGO, Sept. 14.—Coming of the shooting season did not prevent fish and game commission patrol-deputies from keeping a watchful eye on alongshore operations as a pair of violators down the San Diego coast found to their cost last week when Deputy Webb Toms dropped on G. Bregante's fish market in San Diego and seized 1,435 pounds of spottin-croakers which the law forbids selling for sale. The patrolman then took the fisherman who caught these croakers, G. Scotta, and Justice Solon Bryan fined the dealer \$20 and the fisherman, who pleaded that the croakers were caught in Mexican waters, \$10.

Laws to protect surf-fishing for croakers, corbina and yellowfin, which are a peculiar sporting-asset of Southern California, have been strictly enforced this year, and alongshore anglers look for a marked improvement in this interesting class of rod and reel fun another year.

SAYS 30,000 U. S. AUTOS STOLEN AND SOLD TO ENTENTE

ST. PAUL, Minn., Sept. 14.—Thirty thousand automobiles stolen in the United States during the last year have been unwittingly purchased by representatives of the Allies and shipped to the front, according to G. A. Smith, a local detective, here today.

SQUIBLET
BY HOMER RUMINE

If Jeff Lewis lives long enough and tries often enough he may land the biggest trout that ever flopped his fans in a deep pool in Ventura county. Lewis is an angler from away-back, but he has met his match in an old bull who infests the stream beside which a couple of weeks ago Lewis, Ed. Larter, Fred Mallett, Louis West and Len Griswold pitched camp for their annual outing. Last year Lewis struck a pool rich in speckled beauties, and he caught many a lovely one, but—say, there was one huge, husky one who took bait and hook time and again. Lewis hated to quit camp last year without landing the ornery brute, but he couldn't stay there forever. This year Lewis tried the same old pool, and he found his old enemy was right on the job. Mr. Bull Trout horned away with a leader right off the bat. Lewis tried to get Ed. Larter to join him in an expedition aimed to land that trout, but Larter played wise. He was too tired from hunting a deer. The big trout is still in the pool.

Jim O'Brien, street superintendent, has a brand new plaything. It is a 16-horse pump-gun. He is learning to use the thing, though it did gouge a hole out of his hand the first evening he was out with it after doves.

The reason Jim has a new pump-gun is that his old double-barreled 12-bore blew out on him the first day of the season. Doves were flying by in flocks up in Limestone canyon, where O'Brien had elected to get the limit, and O'Brien was exasperatingly loading his double-barrels and speeding No. 8's after the feathers, even if they were half way across the canyon. Suddenly he noticed that his left barrel had a hole in it. About half way down the barrel was a ragged hole two and a half inches long. He says he has known for a long time that there was a weak spot in the barrel, but it is a safe guess that he strained his gun on some of those long shots. O'Brien only had nine birds when one barrel blew out. He finished up the limit with the other barrel.

Motor Cop Cook and Officer Joe Ryan are learning a new slide stunt with a motorcycle. They were not practicing the slide, though the performance they went through Monday night on Seventh street in Los Angeles might have filled several feet of film. The street sprinkler had been along the street in front of them, and, of course, it was all his fault. Suddenly, the motorcycle began to slide. Cook and Ryan also began to slide. They slid the best part of half a block, and each wiped up a strip along Seventh street. Here and there they decorated the pavement with outcure, but in the main the portion of the street passed over by their anatomies was polished like glass.

FOREIGN TRADE HUGE

The estimate of \$6,500,000,000 as the value of American foreign trade in the fiscal year which ended June 30, 1916, recently announced by the Bureau of Foreign and Domestic Commerce, Department of Commerce, is confirmed by completed returns which have just been tabulated by that office.

TENER SAYS 'TAKE YOUR TIME' IS BAD ADVICE TO HURLERS

National League Head Calls
Attention to Stars Who
Worked Rapidly

NEW YORK, Sept. 14.—John K. Tener, president of the National League, is one man who doesn't understand why every young pitcher who goes in to the big leagues is admonished, even after he becomes a veteran: "take your time."

"The best of the pitchers, men who have made baseball history, did not do it," Tener said today, "and if there is anything in following an effective man's method to gain the same sort of effectiveness, the young pitcher is gaining nothing by taking his time."

Tener pointed out that when a pitcher begins to grow nervous, when the opposition begins to pick the ball for base hits, the fans begin to roar: "Take your time!"

"And it was not done by any of the famous pitchers," he said.

Points to Stars

By way of proving his contention Tener picked out Radbourne, McGinnity, Mathewson, Rusie, Rucker, Miner Brown, and Alexander, present day marvels.

"They are worked fast," he said. "Mathewson was one of the fastest workers I ever saw and McGinnity, Radbourne and Rusie were all speedy workers. Alexander, who holds a world record for shutout victories in one season, is a fast worker."

"Perhaps, if the fans were aware of these facts they might cry out for the pitcher to speed up when the game went wrong."

Tener was quite a marvel as a pitcher himself back in the days when baseball was just beginning to make its popularity reach a high spot. So he was asked how he worked.

Tener Used to Hurl

"Well," he replied, "I wasn't a speedy pitcher, but I noticed that I always worked better when I worked fast."

Tener made no attempt to give a reason for the effectiveness of the pitcher who worked fast, but he admitted that a great many slow working pitchers, probably, are just as effective as the men who fire rapidly from the mound.

"I never took the trouble to notice any slow pitching men and study their effectiveness as a class," he said. "However, I have noticed that a great many of those who took their time on the mound didn't last a long time in the big show. I guess their arms get colder than if they worked with some 'pep'."

Be Fast, Effective

So, if Tener's judgment is worth anything it might be well for the rookie pitcher to study effectiveness while working at a fast pace. Anyway, he will have the consolation of knowing that some of the game's greatest workers were men who used rapid fire tactics in putting the ball up to the batter.

PACKARD FIGHTERS

The Packard Motor Co. has received an order from the War Department for 198 additional Packard chainless motor trucks for service with the army on the Mexican border. This order brings the total of this make of truck purchased by the government since March 29, to 716 vehicles, representing an investment of more than \$2,000,000.

ZEB TERRY STAR SHORTSTOP, IS VERDICT OF PAUL KNAUF

Home From East, Tonsorial
Expert Picks Brooklyn to
Win National Flag

WONDERFUL PLAYS OF
BIG STARS RELATED

Dope on Attitude of Chicago
Fans Toward Ty Cobb
Is Told

As far as the National League is concerned, it looks like Brooklyn to Paul Knauf.

The well-known tonsorial expert, as is known, has just returned to Santa Ana after an extended trip through the east. No, Knauf's picking of the Brooklynites is not the result, indirectly or directly, of his having seen the Dodgers in action, for he did not see 'em play. He did keep in touch with the eastern sentiment, however, and that is why he "sees" Brooklyn at the top at the end of the season.

But Knauf did have the good luck to see a half-dozen or so of first rate eastern league games, he did not see anything spectacular in the way of contests, but he saw a number of stars in action, which is just as well, or better.

Praises Zeb Terry

Knauf is enthusiastic in praise of Zeb Terry, erstwhile shortstop of the Angels, and now with the White Sox. "Terry is a wizard," says Knauf. "With Eddie Collins, on second, the two make a combination that is practically impossible to beat."

Knauf goes on to tell of several double plays that he saw Terry aid in pulling off, and to hear him tell it convinces one that the former Angel shortstop really is a topnotcher.

Ty Cobb is another player that comes in for a round of encomiums at the hand of the Knauf. Speaking of the doctory Tiger's batting proclivities, Knauf throws an interesting sidelight on the attitude of Chicago fans toward famous ball players.

Ty Cobb Gets Ovation

During a game between the Sox and Tigers, when Cobb came to bat the first time during the game, the crowd gave Ty an ovation.

"Why it was like the hand that a star actor gets," says Knauf. "They sure handed him the applause."

"Cobb stood up to the plate and laid down the prettiest bunt I ever saw. He raced to first, pulled off one of his famous slides and was safe by a good margin."

"The next time he came to bat he took exception to a strike called on him by the umpire. He held his arm up, motioning his belief that a ball should have been called."

All at once the crowd in the bleachers that had given Cobb that terrific round of applause when he first made his appearance, let out a tremendous 'boo' that was every whit as emphatic in its disapproval as the first 'hand' had been of approval.

Glance Silences Crowd

"Cobb turned around slowly, straight as an arrow, and faced the crowd. He glared ferociously, as though he were singling out one particular fan. He stood there, transfixed the gang, until everything was quiet. Then he once more faced the pitcher."

"The fielders, expecting another bunt, had gathered in close. Ding! and Cobb drove out a liner against the backfield fence, and was safe again."

Knauf tells of seeing Eddie Collins beat out a pitched ball from third. "It was wonderful," says Knauf. "Just as the pitcher's arm was being raised for the throw, Collins was off like a bullet. He seemed to run faster than the ball whizzed through the air."

CRAVATH'S SLUGGING WINS FOR PHILLIES IN GAME YESTERDAY

At Philadelphia yesterday the Phillies and the Cardinals split a double header, the first going to the visitors, 7 to 4, and the second to the locals, 5 to 4. The second game was featured by Cravath's stick work. His homer in the sixth was good for three runs and his double in the seventh made the winning run possible. In the first game, out of four times at bat, he scored a run and two hits, one of the latter a two-bagger.

The standing in the National League of the leaders previous to today was Brooklyn, won 78, lost 54; Philadelphia, 77, 54; Boston, 75, 54. Boston, Detroit and Chicago were leading in the American League, in the order named.

ADJUSTING BRAKES

After adjusting the brakes be sure that the wheels run freely. This is done by jacking up the rear wheels and turning them by hand. If the least resistance is felt and the wheel while spinning around causes a screeching sound to be heard, the brakes may be dragging. If the brakes are of fabric the trouble may sometimes be eliminated by prying the band with a screw-driver or similar tool. On a tour, feel the brake drums at intervals and if very hot it may be assumed the brakes are dragging.

SAXON "SIX"

This is Your Car if You Want
A "Six" Success

In the Saxon "Six" at \$915 you are offered a car of the highest merit. Luxurious—light—powerful—distinctive—it stands preeminent in its price field.

Only a short time ago you were compelled to pay from \$2000 to \$3000 for a six-cylinder car. Even at those figures you were not assured of the present day knowledge in automobile building. Just as improvements have been made on harvesting machines—alarm clocks—telegaph systems—and other everyday necessities, so have they been made in the automobile industry, and all the modern automobile improvements are to be found in the Saxon.

M'LOUGHLIN MAY QUIT TENNIS TO DEVOTE TIME TO BUSINESS

His Defeat By Church Saddens Blow Ever For Former Champion

BY H. C. HAMILTON
(United Press Staff Correspondent)
NEW YORK, Sept. 14.—Maurice E. McLoughlin, once known as the greatest lawn tennis player in the world may never appear again in a national tournament. The California Comet, as he was known at the height of his brilliant career, made this assertion just after he walked off the courts at Forest Hills the afternoon of September 1, a beaten man, eliminated by George Church, the wonderful New Jersey player.

The defeat of McLoughlin was characterized by himself as the saddest blow he ever had to endure.

"There never was anything I wanted more than this one more championship, not even the Davis Cup matches two years ago," he said. "I want to come back next year. I love the game and want to play again in national tournaments but my business in California probably will make it impossible for me to."

Run Sport Goods House
McLoughlin and Thomas Bundy, formerly a tennis player with a national reputation, are running a sporting goods house in San Francisco.

McLoughlin's defeat at the hands of Church also may play a big part in determining his future course. He was on the rubbing table immediately after his game with Church, when he did his talking. There was no attempt to furnish an alibi for his work in that contest. In fact, he declared he didn't want the tennis fans, who have been so loyal to him, to believe he was making excuses for his work, or trying to belittle the game of the easterner.

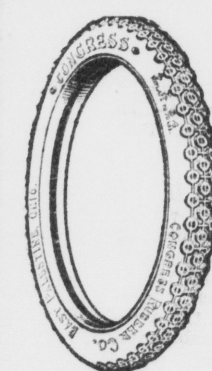

"I realize I haven't the speed I once had," said he. "My greatest fault in that match was that I was unable to sustain my game. I tried hard to pull the ball to where I wanted it, naturally, but it wouldn't go. Also, apparently, I have not the strength nor the knack of smashing back that I used to have," he added wearily.

Crushing Defeat
It was a crushing defeat for the former invincible McLoughlin and it proved beyond a shadow of a doubt that, for the present at least, he is through. But in spite of this there probably never was a tennis player who received the homage of the crowds as did McLoughlin as he walked from the field after that hard-fought contest. The 10,000 persons in the stand stood as one and cheered wildly as the beaten athlete trotted off the field with his head down. And there were tears in the eyes of some who vaulted the fence around the enclosure and grasped McLoughlin's hand or patted him encouragingly on the back.

America is not alone in reaping benefits from the present war in its exports of motor vehicles. Switzerland is also doing well in that way. In 1914 Swiss motor exports amounted to less than \$5,000,000, while in 1915 they rose to well over \$10,000,000.

EMERGENCY GREASE

If a bearing goes dry and you are far from a grease supply, put a little waste in the grease cup and saturate it with lubricating oil.

Any Tire Can be made to give better results if the user will give intelligent supervision to the proper inflation.

No engine can run and do efficient work at minimum cost without proper lubrication—no tire can stand up under the terrific strain imposed upon it unless properly inflated AT ALL TIMES.

Under inflation results in developing intense heat, friction in fabric at extra cost of motive power. Any set of tires can be tested in 5 minutes—if a long hard trip test before the end. It may save the necessity of buying a new tire—and save temper.

Congress Tires and Tubes

combine the features of dependability which make them ideal equipment for your car—for long mileage, easy riding and for efficient non-skid. We unreservedly recommend them as being the best value you can buy, from a standpoint of economy and service.

ODDS and ENDS

By H. C. Hamilton

Jottings Covering the Field of Sports; What Is Happening; What the Sportsmen Are Saying.

Written for the United Press

NEW YORK, Sept. 14.—John McGraw, disappointed with his 1916 Giants, is starting in all over with the intention of putting his 1917 line-up in the pennant fight from the start. He has started trades which have materially strengthened the Giants and already has purchased minor league players who right now appear to have the making of stars.

McGraw has had uncommonly bad luck recently in his trades. One of the most notable of his failures is Hans Lobert, the veteran third baseman he acquired from Philadelphia. He gave in exchange several youngsters who have been doing good work for the Phillies.

Better Results Near
The acquisition of Salee, Herzog and Zimmerman, however, gives promise of bringing better results. All of these men, while they no longer are youngsters, have been put through the mill and each of them has proved his class. Whether they, like some other of McGraw's acquisitions, will fall down next season is a matter which that season alone will decide.

In addition to these three stars, McGraw's lines are out for youngsters he expects will fill the shoes of departed stars. Walter Holke, a recruit first baseman, is favored as a likely candidate for Fred Merkle's old station at first base. He now is with Rochester in the International League, but his release has been purchased by the Giants and he will report next spring. He will be given a thorough tryout.

McCarthy Coming Star
Lew McCarthy, obtained from Brooklyn in the deal which sent Fred Merkle to the Dodgers, looks to be one of the coming windup stars. He is a hitter of great power and led the National League for some time. He will prove a great help to Bill Rariden. Both clubs seem to have benefited by this deal, for Brooklyn was badly in need of a first class doorkeeper when Jack Daubert was injured.

The trades and purchases which brought Herzog, Zimmerman and McCarthy to the Giants are epochal from a baseball standpoint. With the Herzog deal Christy Mathewson passed from New York; Merkle departed with the coming of McCarthy and Doyle, almost the last of the great Giant machine so successful in bygone years, went to the Cubs for "Zim." Salee groused with the Cardinals, but is believed to have several good seasons left as a Giant.

The success or failure of Coach Jumbo Stiehm with the Indiana University football team will be awaited with much interest. When he had charge of football at Nebraska he was proclaimed the best coach west of the Alleghenies. He will have a chance at Indiana to prove his mettle against coaches of the Big Nine.

A Rankin Johnson, whose battles

with Walter Johnson were a sensation when Rankin was a member of the Red Sox, has again kicked over the traces, having departed from the Texas league. He says he'll play independent ball.

Poe field at Princeton has been named in honor of Johnny Poe, former Princeton football star who was killed while fighting in France for the allies.

Frank Isbell, a former member of the world's champion White Sox when they were piloted by Fielder Jones, is being sounded by various Western League club owners who want him to take the presidency of the Western League. Frank C. Zehrung is the present head. Isbell at present owns the Des Moines club.

Columbia University, which was out of football for ten years until last year, will get back into the game this year with what is expected to be a strong team. First practice will be held September 20.

Indianapolis of the American Association already has contributed four players to the Cubs. Joe Kelly, outfielder, was first to go and Pitcher Nick Carter soon followed. This pair already has reported. Pitchers Victor Aldridge and Rex Dawson were sold later for delivery at the beginning of next season. Aldridge is declared to be one of the greatest prospects of the minor leagues.

Roger Hornsby, the Cardinal phenom, seems on the way to realize his ambition to lead National League swatsmith during his first season as a major leaguer.

Negotiations for a football game between Yale and a Pacific coast university team are doomed to failure, according to New Haven reports.

Ralph Glaze, picked as an all-star American end when he was at Dartmouth, will help coach Drake University's football squad at Des Moines this year. Glaze has been at the University of Southern California for two years.

Heinie Zimmerman, who recently was traded to the New York Giants by the Cubs, declares he is supremely happy in his new surroundings. Heinie is a resident of New York and probably would rather play at the Polo grounds, where he is idolized to a certain extent by Bronx fans.

Mike Mowery, who was unconditionally released by the Pirates, and then was taken up by the Dodgers, is playing the best baseball of his career. He is fielding like a demon and his hitting has been at the most opportune moments.

In The Sportsman's Realm

Furnished by the Fish & Game Commission

Much to the surprise of most anglers, the Ventura river is now giving fly-casters the best sport of the season. Good fishermen have been running up to the Matilija turnoff at

Lacross in the evening after a day's work in Ventura, and catching a couple of dozen eight-inchers. Some ten and twelve-inch trout are biting. The water is low and clear, and there is no scarcity of moss; but the fish are rising freely, and flies take better than bait. For week-end trips, with doves in season for camp-meat, there are more worse places than better. Several Los Angeles parties took all the fish they could use last Saturday between sundown and dusk, others shooting doves along the river. Fish and game in camp was the combined result.

Good fishing is reported from the Santa Ynez also, and the valley near Los Olivos is well stocked with doves. The city water department of Santa Barbara has complied with the plan of the fish and game commission to save the Santa Ynez as a trout-stream by tunneling and laddering around the Gibraltar dam. A six-foot tunneled, 20 feet long, containing five basins with a two-foot jump each, is incorporated in the foundation, designed to be washout-proof, and free from excessive current.

Hunters who do not know the game-law, or disregard it are being educated rapidly this summer. Deputy Fish and Game Commissioners James H. Gyger last week arrested W. H. Bangham of Hemet and E. H. Peel of Whittier for shooting mountain quail near Idyllwild, and they were fined \$25 each, having shot three; whereupon Gyger stepped out of the brush, having had them under observation as there was nothing legally to be shot thereabout.

One of the biggest deer reported fell before a Riverside party's rifle on Old Baldy's northern ranges when Fred Brouse, Russell Darst, Burdette Neilgan and Ralph Ayers volleyed to death a four-pointer which dressed out 137 pounds. No one knows which killed it; they "jumped" him, and opened fire in a fusillade, one bullet of which finally found its billet just as he was fading away in the brush. But they all knew about it when it came to getting the venison down from 7,500 feet, and called it well worth while.

Louis Castenada, a Mexican, was arrested in Santa Barbara county for shooting quail before the law allows, and being unable to pay fine, he was given thirty days in jail after trying to bribe the officers by offering them his gun.

Victor Walker reports that eight deer have been brought into Santa Ana already, and more being consumed back in the hills. A fine three-pointer came in Monday—three points on a side, what most hunters would call a "six-pointer." This type of horn seems to prevail among this season's killing in Orange county.

Two deer are reported at Keen

camp and another at Idyllwild in the San Jacinto mountains, where an unusual number of fine tree squirrels offered this season, many being shot.

Deputy Fish and Game Commissioner H. I. Pritchard reports from Big Pine that the Owens valley has so many doves they are "thicker than fleas." He is planning to put in a day with them en route home from his vacation.

Sebastian Simmons, celebrated surf-fisherman, broke into the big trout game at Bear lake with Joe Leung-feld recently and returned enraptured with the sport he had, incidentally demonstrating that a fisherman one place soon learns the new wrinkles of another. They got several four-pounders.

Sport in Bear lake is slowed down somewhat by the full moon just now, yet limits are being taken by the experts, and the fish are hitting a spoon near the surface right briskly. Hunters who went down Deep creek and over east toward the Pipes country outside the reserve, were quite generally successful in killing deer, and saw many which the law forbade.

There is a big showing of does this year; young bucks also seem plentiful. Experienced hunters predict better sport by another year when these youngsters grow to shootable size.

Dove shooting has been good along the foothills of eastern Orange county this season, and the San Joaquin ranch has permitted hunting on the unfenced wild lands along its eastern border. The rest of the Irvine ranch is closed to shooting.

Limits are reported on the flights in Trabuco and Gubernadora canyons by good shots. There has been good shooting outside on the flats, grain-stubbles and weed-patches also.

The seasonal limit of two deer already has been killed by Greer Caskey and "forked-horn" shot on the headwaters of Big Rock creek on Waterman peak's slopes, his companion getting a nice forked-horn buck also.

Deputy Fish and Game Commissioners Toms and Malone convicted G. Hoberman of Redlands and F. Varney of San Diego of killing meadow-larks and hunting without license last week, each fined \$10. Toms planted 20,000 trout in San Diego streams.

Vigilance of Fish and Game Commission field-patrol deputies did not cease with opening of the dove and deer season as L. R. Smith found up in Kern County. He was fined \$50 for killing a doe. The complaint of Deputy Stout charged "removal of evidence of sex," which is taken as proof positive of the sex being wrong. The law does not recognize "shot it by mistake" or "thought it was a buck" as good excuses, particularly since the

spike-buck prohibition. This law was passed to make hunters take another look and is considered as much a "safety first" measure as a conservation restriction.

Deputy Obar took a man who skipped out and tried to dodge a \$25 fine last year for "sooner" on quail before the law allows, H. Reynolds being the offender; and in the end he had to pay that \$25 just the same.

Deer hunters in hosts left the cities Friday and took advantage of the "Admission Day" holiday. The moon was filling, nights were light, bucks were thinned down somewhat, but nothing deterred the enthusiasm of hunters. There was no doubt that many bucks would be brought in.

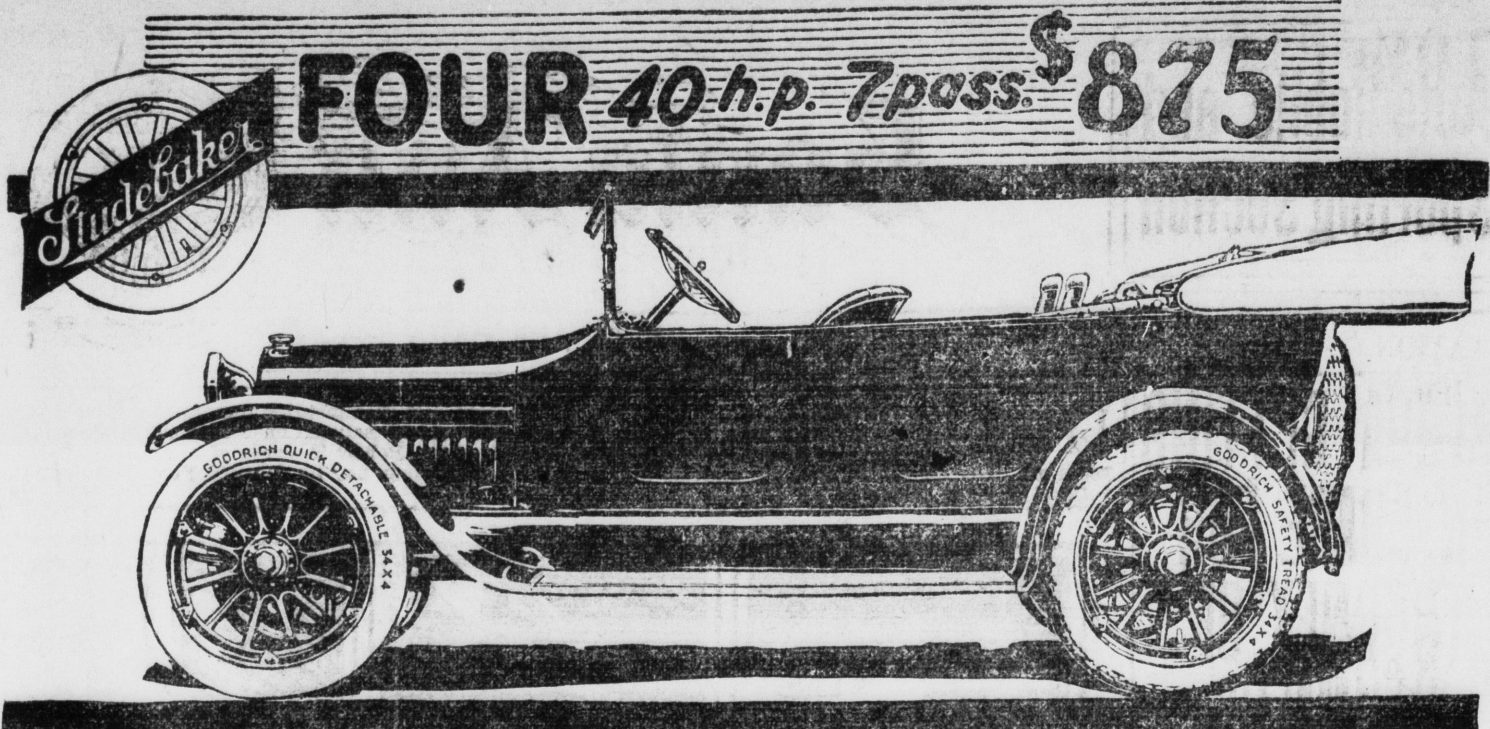

Doves continue to hold out surprisingly well, although they are migrating peculiarly this season, coming down from the hills rather than resorting to them, and moving south earlier than ordinarily. San Diego County in central and southern parts reports the gray birds scarce, but by quail-time they will be there in flocks and the hunters will have fine opportunity to make the mixed bag of quail, doves and rabbits so many enjoy.

Quail are being reported everywhere, and all hunters expect a record year on the blue birds. They do not migrate freely, but will be found somewhere near the places where plentiful now, by the time October 15 rolls around again.

Bucks are pouring into the southern overflows where the clubs are filling ponds for the coming season. Sprigs are as plentiful as usual, and prevail as in most normal years. General limits is the expectation of the clubmen, who are busy getting organized. From Baldwin Lake come reports of many birds now in, and prospects for big bags opening day, to which opportunity a thousand hunters, more or less, will be invited. The Bear Valley birds are the best in the south. The feed is abundant and makes deliciously-flavored meat.

Doves about Hemet are scarce and seem to have migrated just before the season as they were very plentiful in mid-August. Temescal Canyon, Elizabeth Lake, Antelope Valley had like experiences. On the other hand the doves as a whole were unusually plentiful in the low country toward the ocean.

SUBSCRIBERS, ATTENTION!
Should our carriers overlook you in the delivery of the Register, do not fail to call Pacific 4, or Home 409 and a copy of the paper will be sent you by our messenger. Do not call before 5 p. m., as perhaps the carrier has not reached your place, but call before 7, as all carriers should have their territories finished by that hour. Prompt and efficient service is our motto.

NEW SERIES 17

The new Studebaker models sum up all the resources of the great Studebaker manufacturing organization—experience, efficient capability, unlimited factory equipment—and this means the last word in automobile designing, materials and workmanship.

Refinements have been incorporated in the new models and they now stand supreme as typical exemplars of the highest achievement of one of the world's great manufacturers of motor cars.

Owing to enormously increased volume and the unrivaled manufacturing facilities that Studebaker possesses, the prices are remarkably low for cars of such quality. But it must always be remembered that Studebaker price is never a measure of Studebaker quality—that it has always been Studebaker policy to produce the highest grade possible without regard to price—that such low prices are possible only by reason of Studebaker leadership and superiority in equipment.

1917 NEW MODEL The Motor Car DeLuxe

Yes, Mr. Ford has granted the long-wished-for changes in the Ford car—and then some.

We can now say to you the Ford is the best-looking small car in the American market.

And we can also say (and, by the way, we can back it up) the Ford car has the best material in it of any automobile of its price—or twice the money.

And we sell them on time, and on very easy payments. For the next thirty days we will be open evenings. Call and look the new model over. (Fords only taken in exchange.)

BRITISH SPORTS 2 SANTA ANANS WORLD SUFFERS FROM INROADS OF BIG WAR

It Is As Though Matty, Cobb Or Wagner Had Died In a Bayonet Charge

BY J. W., ("BUD"), PEGLER
(United Press Staff Correspondent)
LONDON, Aug. 20 (by mail)—Picture the local ball club down on the border tossing bombs at Mexican trenches; the football, tennis and track star men suddenly whisked from the field of sport.

Relatively, that is what England is up against. Sport has been put on ice till the biggest game with K. Bill of Potsdam—a game transcending all sport—has been played to a gory finish.

If American ball parks were to be suddenly deserted, with no one to beat back the weeds from the infield and the papers daily were telling how Matty, or Cobb or Wagner died in a bayonet charge; if sportsmen's battalions of the country's keenest athletes were being punished under artillery, then the American sport fan might appreciate the English situation.

Athletics Nix
In a small way the gent's of the scrambled ear still manage to oblige, but as a rule they divvy their small purses with hospital funds. Sporting meets, field days and football are nix. Soldier events bring out some of the best of the Empire's surviving talent, but the public attends not so much in expectation of a contest as to kid itself along and give up for the wounded and destitute.

English football differs from the American game, but the Cedrics and Cyrils are rough performers just the same. Mostly the college players come from first families—that series of outer ripple around the big social splash—for "rugger" is not for the ordinary gink.

Their gaminess knocks the props from some mythical American conceptions. Percy may call his friend "deah boy" and turn up his wrist to see the time, but how he battles is a story told by the Victoria Cross and the D. S. O. The list of athletic gods who have fallen in action, the Mattys and Cobbs of England, daily grows longer. Others by hundreds have been relegated to the side lines for good.

No Fear for Oarsmen
There's not much fear for the oarsman. Englishmen think they're 110 per cent good in a shell anyway and patronizingly tell an American why. It's because their school striplings are put in a shell and taught to row; taught to like it so well they get the eager fidgets when they see an oar. Therefore the home guard logician figures that so long as there are school boys and oars, England will boss the ripples.

"The school plan," says an English pappy with gray hair and a russet wattled neck, "is what gives us an advantage on the water and preserves our men in later life. Practice makes for not only skill but permanent physique as well." A Sunday on the Thames confirms what he says of physique, for there the old boy who looks all in but isn't will pull an oar half the day taking his family for an outing.

Alibi
While English athletes claim superiority for their style of rowing and coaching they wobble in trying to match up the claim with Capt. Guy Nichols' showing at Yale last year. The alibi is that Nichols couldn't be expected to teach his charges what they should have learned as kids and make champion oarsmen of them in the time allowed him.

Soccer has hit the skids. The kicking game is shunned more and more by the sport elect because the "lower class" have had the distressing fall to take it up. It would play merrily with the fitness of things if team of uncouth stevedores mixed with a college squad. So the game is falling from favor with the athletic all highest and the chance of a deadly parallel between the uppers and the lowers is slight.

Wilde Holds Spot
Jimmy Wilde, the fly weight, holds the spot in boxing. Wilde is smaller than a split second and like most flyweights, hits like Stanley Kitchel. Clever fighters weighing as much as 110 pounds have curled up on the floor under the crushing attack of this 94 pounder. He gave away ten pounds to Johnny Hughes, a veteran and flattened him as he pleased, so now they've run out old Pedlar Palmer, oiled the patriarch's joints and started him off to spar exhibitions with Wilde. Jimmy is no slacker. He applied three times for enlistment but was so small he couldn't even make the bantam brigade. He's a knockout fighter even if he does hail from Freddie Welsh's native village. Some day Wilde's friends hope to see him matched with Jojanny Ertle if Mike McNulty's little charge can be pared down to 108 pounds.

Yes, the war has queered the sport business in England. And it hasn't stopped there, but recently reached into the Old Folks' Home and grabbed Bill Squires in far off Australia. Bill made sure Tommy Burns wasn't fighting with Germany before deciding to give up his home and enlist, but he's on the way to the front now.

MILLER CARBURETOR TO HAVE DEMONSTRATION

A representative of the Miller carburetor, which has been used rather extensively on racing cars the past year, will be at Dick's Auto station, 419 West Fourth, on Monday. He will put on a few of the carburetors on trial. If they prove as successful here as they have on racing cars, Dick will take the agency for the southern part of Orange county.

Motor Never Touched During Entire Jaunt; Men Catch Big Number Trout

With stories of "some of the steepest roads they ever expected to encounter" and "some of the finest trout fishing that an angler ever had," C. B. Perry, local agent for Maxwell cars, and James Harding, employed by the Chandler Furniture Company, have returned from a three months' outing which carried them through California as far north as the Yosemite National Park.

The distance covered by the two hunters, who traveled in a Maxwell 25, was 1014 miles. The little car averaged better than twenty miles to each gallon of gasoline, and the motor was never touched at any time during the trip, Perry states.

To Owens River
From Santa Ana Perry and Harding went to the head of the Owens river, where, at Thompson's camp, they caught "all kinds of trout. The fishing certainly was magnificent," as Perry says.

They then traveled about twenty-five miles further on, to Crooked Meadows, on the Nevada line. There they hunted deer, but the hunting was as far as they got, for, though there were deer signs aplenty, they were unable to sight a solitary buck.

Perry and Harding went to Mono lake with expectations of landing trout galore, but they were doomed to disappointment, as there is soda in the lake and there isn't a fish to be had within its confines, says Perry.

Go to Silver Lake
From Crooked Meadows they went to Silver lake and Grant lake, about twenty-five miles west of Mono lake, spending three days.

From there they went to the Yosemite National park, where they spent several days. It was in the park that the steepest and most difficult roads of the entire trip were encountered, Perry states.

Perry and Harding camped out during the entire three weeks, with the exception of one night, which they spent at a hotel.

The trip into the park was made over the Tiogo Pass road, encountering a slight snow storm en route. They also visited Wamona and the big trees.

The trip back to Santa Ana was made via the San Joaquin valley.

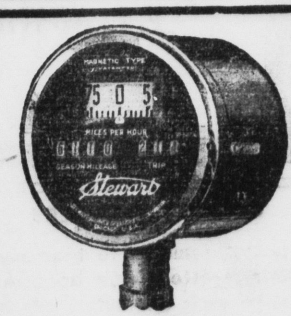

MANY ARMY TRUCKS USE ZEROLENE OIL

The local Standard Oil agent recently received from J. E. Balsley, district sales manager of the Standard Oil company at Phoenix, a report on the operation of the government automobile and trucks along the Mexican border.

"A great many of these machines," writes Mr. Balsley, "are being lubricated with Zerolene oil. The intense heat and great amount of low gear work necessary in the sand make perhaps the best test possible of a motor oil. I am glad to report that Zerolene is doing the work in fine shape. Due to its asphalt-base origin, it keeps its lubricating value under the most trying heat conditions, and none of the machines have been at all bothered with carbon deposits in the cylinders."

INJURED PARTS
Merely because parts are apparently unfit for further use is no reason why they should be discarded, without first having them examined by an expert mechanic. His decision should be final. Recently the owner of a large six-cylinder car had occasion to dismantle the front end of the motor because of a peculiar loud rattling and grinding noise that was heard for a few minutes. It proved to be caused by a set screw having loosened and fallen out, with the result that it made its way between the camshaft gear and the gear on the crankshaft. While the gear teeth seemed to the owner to be permanently injured, when examined by a mechanic, the owner was told that a repair could be effected. The high spots were trimmed off, the gears trued, and are now giving good service again, even though a few teeth on each gear are not quite whole.

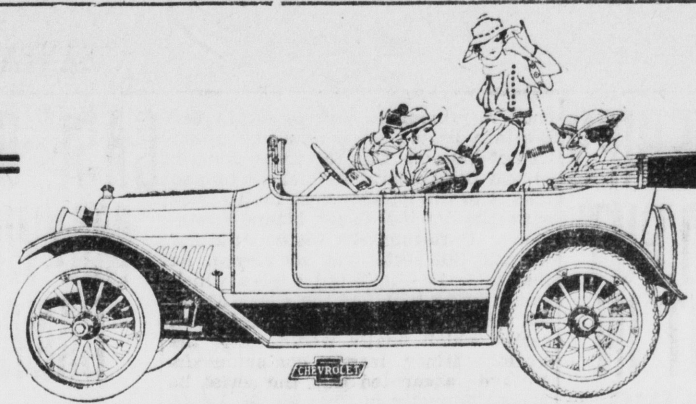

A Clogged System Must Be Cleared
You will find Dr. King's New Life Pills a gentle yet effective laxative for removing impurities from the system. Accumulated waste poisons the blood, dizziness, biliousness and pimply, muddy complexion are the distressing effects. Maxwell

\$595

F. O. B. DETROIT

Maxwell motor cars have demountable rims and the same size tires on both front and rear wheels.

REMEMBER these important features, because they are not to be found on some of the lighter cars.

Maxwell cars have 3½ in. tires all around. This is a generous size. The tires are not overtaxed. They last longer and make riding easier.

Tires of *one* size mean that you have to carry only *one* size casing and *one* size tube.

Demountable rims, of course, are recognized as the best. They are on *all* good cars. Don't buy any car without demountable rims. If you do, you'll regret it.

These two features—along with the other complete and up-to-date equipment; the economy and proved endurance of the Maxwell, make it *the great st automobile value in the world today.*

WORLD'S SERIES NEEDED TO PUT STIMULANT IN MINORS, SAYS HAMILTON

Baseball In Little Leagues
Has Apparently Seen
Its Best Days

By H. C. HAMILTON
(United Press Staff Correspondent)
NEW YORK, Sept. 14.—Baseball club owners in the minor leagues, with very few exceptions, will be glad to see the end of this season, just as they were tickled when they wound up business a year ago. Baseball in the minors, apparently, has seen its best days. A year ago when business was dull the whole thing was laid to the Federal league, and everybody was happy; this year business again is dead, but there is no one with a good explanation for it.

Plan for Empty Honor
However there is one phase of the baseball business which probably applies nearer to the case of the minor leagues than any other. Minor leagues have nothing to play for except the empty honor—to a professional athlete—of winning a trophy, the pennant of his particular league, denoting the championship. In the major leagues this is different. Each year there is a hot race to the end of the season and the two best clubs then get together in a series for the world's championship. The players get their share of the gate receipts and some city gets the honor of being the home of the world's baseball champions.

Remedy
There is the remedy for the minor leagues. If some way might be devised for the minor leagues to play a world's championship series it would give a stimulus to the game in the lower classifications. There would be a driving fight among the various clubs to get into this title play and the big games would put many a dollar into the coffers of the minor league managers. Even if they only broke even on the heavy expense of a trip to the city where the games were staged, they would have the velvet from a season of hot competition and interest aroused among the fans.

Desultory Effort
For some time there have been desultory efforts by minor league managers to decide the minor league championship. For several seasons, when Denver was pennant winner in the Western league and Milwaukee and Minneapolis carried away buntings in the American association, the respective club owners got together and arranged a title series. There was quite a bit of interest, but the series was a failure because the National Commission or the National Association had nothing to do with it and a pennant was not awarded.

Suggestions Made
Several suggestions regarding a series of this sort have been brought

out. A prominent club owner in the Western league some time ago promised if his club was fortunate enough to win the pennant in that league, to take it to the Pacific coast for a series with the Pacific Coast league champions. Unfortunately, his club did not win and this series was not played. At that time he suggested a plan which would bring together the Class A and AA pennant winners in an elimination series which finally would settle the world's minor league championship. He even suggested that the series be played annually in Chicago, St. Louis, Kansas City, or some other centrally located city where accommodations could be obtained for a large number of fans and where interest would be greater. He also said he believed such pennant winning city could stage part of the elimination games and the final contests played in the cities whose clubs got into the finals.

To Bring it Up
However, this would be little help to the clubs in lower classifications, and it would be manifestly unfair to them to leave them out. It seems to be a question to be taken up at the next meeting of the National Association and the club owner spoken of has promised to bring it up at the first opportunity.

DOVES MOVE SOUTH IN LARGE NUMBERS

LOS ANGELES, Sept. 14.—Doves are moving south in large numbers, the migration having set in rather earlier than is usual. Many birds "beat it" before they were shot at the "First." From now on, the men who get limits will find it no longer the easy task of standing in one spot and picking 'em off on flight, unless prepared to travel.

Sunday saw the hills and stubble-fields well populated with bird-hunters, and several men not only reported, but got their limits within a dozen miles of the city, while others traveled much farther to fare worse.

That old stronghold of the quail, the Simi valley, raised a heavy crop again this season, and early morning parties saw the birds by hundreds dusting in the roads, so plentiful are they this year. In the Calabasas, and throughout the vast O'Neill ranch in San Diego county, the same experience is reported. The O'Neill property is more closely patrolled this year than ever before, and it is understood many who had permits are denied the privilege this season.

Doves were scarce in San Diego county at the opening of the season except upon the big preserved holdings, but at the rate they are scurrying southward, the late shooting will be excellent there right through quail season.

From Kern county come reports of many doves, the migrating flocks from the San Joaquin valley tarrying a while on the big grain-fields. The northern birds are very fat, never better than at present. The goodness of doves depends mostly upon their fatness, as lean birds are dry and inferior.

Deer-hunting parties see many does and some fawns, but bucks are hard to get shots at with the nights so light, and few are expecting much sport this next week with the horn-bearers.

For Long Beach take Crown Stages every hour.

Orange County Business College.

CASE OF NABBED MAXWELL UP IN CANADA SOON

SAN FRANCISCO, Sept. 14.—Motorists all over the country will turn their attention to Ottawa, Canada, during the next week, when the case of the world famous Maxwell no-stops champion will probably come up before the dominion officials. The car is at present in the king's warehouse, Vancouver, held because it is charged that Jack Griffin and Albert Gill Waddell, who had the 'International Wanderer' in charge, violated the customs laws when entering the country.

The main contention on which the Maxwell is held is that it was taken into Canada for commercial purposes. The famous old car is plastered with signs from end to end. Names of a hundred cities are painted on its sides, hood, fenders and tonneau, and the signs which were put on when the car started to make automobile history last November with its 22,022 miles no-motor-stops run have never been removed.

All this, coupled with the fact that the Maxwell bore a dealer's license number from California and was piloted by an automobile factory representative, is held against the historic machine. The fact that no effort was made to parade it around the streets of Vancouver, and those using the car did not seek to advertise its presence in any way, failed to carry any weight with the Canadian powers that be, and the Maxwell was summarily "grabbed" and locked up tight, with a guard of soldiers, in the dominion warehouse.

"The real mistake of the entire affair was that the Canadian boundary at Blaine, twenty-five miles from Vancouver," said Griffin, in outlining the defense the Maxwell company will use in endeavoring to secure its property back without paying a heavy fine. "The officials at the line saw the car, wrote down the license number, and yet allowed us to proceed to Vancouver. We still contend we were not in the country for commercial purposes, for aside from the stories Mr. Waddell was writing of the trip no business of any sort was transacted by us."

Motorists entering Canada these days are warned to keep their cars free of signs of any sort. Even the little pennants stating the names of the cities from which cars come should be removed.

FIRST FOOTBALL PRACTICE HELD BY PRINCETON

PRINCETON, N. J., Sept. 14.—Captain Frank Trevor Hogg, '11, of the 1916 Princeton football team, assembled his warriors for first practice. Nearly 100 men responded.

Hogg faces a big job to make a winning team, but while the material is only average, the coaching staff is unusual.

Eleven first string men were lost from last year's team, but the substitutes were high class.

Quarterback, ends and tackles are the weak points here. Halfbacks and full back should be the team's strong points. At the guard positions Hogg and Norse doubtless will continue.

The first game is scheduled with Holy Cross September 30, and one with North Carolina university October 7.

It is too early to predict the effect the six months' lapse since spring practice will have on the Tiger footballers. At quarterback: Ames, Haas, Eberstadt and Eddy. For the other backfield positions: Driggs, Tibbott, Moore and possibly Eddy are available. Alan Brown, '17, is apt to break into this combination and Thomas and Goodspeed, '1918, and E. A. Georgia and Richard Cleveland, son of the late president, two of last year's freshman eleven, have shown ability. Higley is a possibility for a wing position. Speedy Rush, Prince '98, again heads the coaching staff.

LONE TROUT PUT IN FOUNTAIN WITH 300 GOLDFISH GETS MEAL

There is a fountain in front of the City Hall in Macon, Ga. In it were some three hundred goldfish. They were the pride and delight of Macon citizens. Someone, led by an artistic idea of a beautiful color scheme, added to the pool one night a fine big speckled trout.

Alas! The trout ate all the goldfish. The citizens now mourn the piscatorial gold, and are not at all consoled by the silvery substitute.

Art, not based on sound scientific principles, is vain.

PREVENTING RUST FORMATION

When it is known that metal parts which are unpainted are to be exposed to the air for any length of time, proper precaution should be taken to prevent rusting. It is the usual thing to dry the part and protect it by coating with a film of grease or oil, but a large axle manufacturer employs a more certain method. The parts are covered with cup grease over which is wrapped a piece of special fabric. This later is made by pasting a piece of absorbent paper against a piece of loosely-woven burlap. The reason this is used is because it has the property of absorbing moisture which causes the rusting. Any owner can make such fabric by covering a piece of fairly thick wrapping paper with a thin coat of tar or other sticky substance and then mounting the burlap on the sticky surface.

Going to Los Angeles take Crown Stages every 1/2 hour, round trip \$1.00.

PAIGE

The Standard of Value and Quality

"Value and Quality"

We have persistently claimed that the New Series Paige Fairfield "Six-46" offers more actual dollar-for-dollar value than any other motor car on the American market.

If you are interested, we ask you to compare the "Fairfield" with any other motor car—at any price.

Put the two cars side by side. Check them up, feature for feature. Pay attention to the small details quite as well as the big ones. Then, be guided by your own judgment.

On this basis we are quite content to abide by the result. You will find, we believe, that each dollar of your automobile investment will go farther if you select a Paige.

THIS EIGHT COMBINES SIMPLICITY, ECONOMY,
LIGHT WEIGHT, AND LUXURY

To those who desire the utmost in motor car refinement, together with simplicity in construction and economy in operation, the Oldsmobile Eight, Type 44, comes as the one car of the year.

The design of this car presents an elimination and a combination of parts that is truly remarkable. One unit does the work of three or four. The result is a simplicity and accessibility that is extraordinary.

GEARSET TROUBLES

It is not common to hear owners complain repeatedly of gearset trouble, but when such complaints are heard they are interesting for many reasons. Most manufacturers install a gearset of the proper size for the power transmitted and hence it may be assumed that when trouble does arise it is due to some fault in the materials or construction of the unit. A few weeks ago an owner had gearset bearing trouble and a local repairman merely replaced the worn bearings with new ones without determining the cause of the failure. The new bearings also gave trouble, the gearset was noisy and in a few days the splines on one shaft were sheared off. No doubt a careful examination of this unit would show that the one or more shafts are out of alignment and that parts replaced by the new parts are not operating true at the start.

FAMOUS MAXWELL IS HELD BY CANADIANS

The following item has been received here by C. B. Perry, local agent for Maxwell cars:

VANCOUVER, B. C., Sept. 14.—It has been announced here that the Canadian customs officials were holding the famous Maxwell "2" touring car which established a new world's motor-non-stop record last winter, for approximately \$500 duty. Unless the owners of the car pay that amount over to the dominion government before a certain time, the car will be placed on public sale. If it does not bring the required amount at the public sale, the car will be destroyed according to the collector of customs

at this place.

There is little chance, however, that the car will be thrown into Puget Sound, as the British Columbia Maxwell distributor is anxious to get the car for his personal use, and now that it is so well known, Maxwell dealers in all parts of the United States will try to get it from the Canadian government and the Maxwell factory at Windsor, Canada, will also have a hand in the fight for the famous old machine if the Maxwell factory attorneys do not succeed in getting it out of the king's warehouse before the time set for the public sale.

NORTHWEST SPORTS FETE DAY IS SET

ST. PAUL, Sept. 14.—When the thermometer stands about 31 degrees below zero January 27 to February 3 of next year, Northwest girls, gaily clad, will disport in the annual Northwest Outdoor Sports Carnival. Those dates were chosen today. During this cold season festival thousands of men, women and children will parade the frozen streets in formal marching lines and take many outdoor exercises they would certainly turn up their noses at in June.
